

MANUAL TRANSMITTAL

Department of the Treasury
Internal Revenue Service

2.3.9

JUNE 3, 2016

EFFECTIVE DATE

(06-03-2016)

PURPOSE

- (1) This transmits revised IRM 2.3.9, *IDRS Terminal Responses, Security Command Codes for IDRS Users*.

MATERIAL CHANGES

- (1) IRM 2.3.9 is obsolete. Certain procedures that remain effective have been merged into IRM , IDRS Security Controls, as specified below. Also, background and other helpful information removed from IRM 2.3.9 can be found in the IDRS PMO Standard Operating Procedures (SOP), as noted.
- (2) IRM 2.3.9.4, Integrated Retrieval System (IDRS): The material related to this section is obsolete as it is a duplication of information and is already incorporated in IRM 10.8.34 section 10.8.34.2.1.
- (3) IRM 2.3.9.5, IDRS Security System, IDRS Security System: The material related to this section is obsolete as it is a duplication of information and is already incorporated in IRM 10.8.34 section 10.8.34.2.2.
- (4) IRM 2.3.9.6, General IDRS Security Procedures: The material related to this section is obsolete as it is not relevant to policy or processes and has been moved to IDRS PMO SOP.
- (5) IRM 2.3.9.6.1, Protection of Taxpayer Accounts: The material related to this section is obsolete as information has been incorporated into IDRS PMO SOP and UNAX is already addressed in IRM 10.8.34.
- (6) IRM 2.3.9.6.2, Protection of the IDRS User: The material related to this section is obsolete and has been incorporated into IRM 10.8.34 section 10.8.34.6.2.1.3.
- (7) IRM 2.3.9.6.3, Authorized Access: The material related to this section is obsolete as it is a duplication of information and is already incorporated in IRM 10.8.34 section 10.8.34.2.3.
- (8) IRM 2.3.9.6.4, Signing on to IDRS: The material related to this section is obsolete and has been incorporated into the IDRS PMO SOP.
- (9) IRM 2.3.9.6.4.1, Production Mode: The material related to this section is obsolete and has been incorporated into the IDRS PMO SOP.
- (10) IRM 2.3.9.6.4.2, Training Mode: The material related to this section is obsolete and has been incorporated into the IDRS PMO SOP.
- (11) IRM 2.3.9.6.4.3, Research Mode: The material related to this section is obsolete and has been incorporated into the IDRS PMO SOP.
- (12) IRM 2.3.9.6.4.4, Dual SINON to IDRS: The material related this section is obsolete and has been incorporated into the IDRS PMO SOP.
- (13) IRM 2.3.9.6.5, Passwords: The material related to this section is obsolete as it is duplicate information and is already in IRM 10.8.34 section 10.8.34.6.1.4.2 and IRS PMO SOP..
- (14) IRM 2.3.9.6.6, Entry Code: The material related to this section is obsolete as it is informational and change was implemented in 2004 and not necessary to keep in any IRM.

- (15) IRM 2.3.9.6.7, Signing off IDRS: The material related to this section is obsolete as it is has been into IRM 10.8.34 section 10.8.34.6.2.2.3.1 and IRS PMO SOP.
- (16) IRM 2.3.9.6.7.1, Automatic Sign Off Due to User inactivity: The material related to this section is obsolete as it is duplicate information and is already in IRM 10.8.34 section 10.8.34.6.2.2.2.3 and IRS PMO SOP.
- (17) IRM 2.3.9.6.8, IDRS User Account Locks and Deletions: The material related to this section is obsolete as it is a duplication of information and is already incorporated in IRM 10.8.34.6.2.2.4.1.
- (18) IRM 2.3.9.6.9, Command Code Deletions: The material related to this section is obsolete as it is duplicate information and is already in IRM 10.8.34 section 10.8.34.6.2.2.3.8.
- (19) IRM 2.3.9.6.10, Security Violations: The material related to this section is obsolete and has been incorporated into IRM 10.8.34 section 10.8.34.6.2.2.1.
- (20) IRM 2.3.9.6.11, Terminal Security Locks: The material related to this section is obsolete and has been incorporated into IRM 10.8.34 sections 10.8.34.6.1.3.5.
- (21) IRM 2.3.9.6.12, Terminal Time-On/Time-Off: The material related to this section is obsolete and has been incorporated into the IDRS PMO SOP.
- (22) IRM 2.3.9.6.13, IDRS security Support: The material related to this section is obsolete and has been incorporated into the IDRS PMO SOP.
- (23) IRM 2.3.9.6.14, General Security Reminders: The material related to this section is obsolete and has been incorporated into the IDRS PMO SOP.
- (24) IRM 2.3.9.7, Non-Security Command Codes Authorized for Use by IDRS Users: The material related this section is obsolete as it not relevant to IDRS the codes are basic diagnostic codes for all systems.
- (25) IRM 2.3.9.7.1, DIAGA: The material related this section is obsolete as it not relevant to IDRS the codes are basic diagnostic codes for all systems.
- (26) IRM 2.3.9.7.2, MESSG: The material related this section is obsolete as it not relevant to IDRS the codes are basic diagnostic codes for all systems.
- (27) IRM 2.3.9.7.3, ROUTE: The material related this section is obsolete as it not relevant to IDRS the codes are basic diagnostic codes for all systems.
- (28) IRM 2.3.9.7.4, STATS: The material related this section is obsolete as it not relevant to IDRS the codes are basic diagnostic codes for all systems.
- (29) IRM 2.3.9.8, Command Codes for IDRS Users: The material related to this section is obsolete.
- (30) IRM 2.3.9.9, CMODE: The material related to this section is obsolete.
- (31) IRM 2.3.9.10, FIEMP: The material related to this section is obsolete.
- (32) IRM 2.3.9.11, LOKME: The material related to this section is obsolete.
- (33) IRM 2.3.9.12, PWACT: The material related to this section is obsolete.
- (34) IRM 2.3.9.13, PWMGT: The material related to this section is obsolete.
- (35) IRM 2.3.9.14 RMODE: The material related to this section is obsolete and has been incorporated in to the IDRS PMO SOP.

- (36) IRM 2.3.9.15, SFDIS: The material related to this section is obsolete.
- (37) IRM 2.3.9.16, SINOF, The material related to this section is obsolete.
- (38) Exhibit 2.3.9-1 Command Code CMODE: The material related to this section is obsolete.
- (39) Exhibit 2.3.9-2 Acronyms with CMODE Command Codes: The material related to this section is obsolete.
- (40) Exhibit 2.3.9-3, Command Code FIEMP: The material related to this section is obsolete.
- (41) Exhibit 2.3.9-4, Command Code LOKME: The material related to this section is obsolete.
- (42) Exhibit 2.3.9-5, Command Code SFDIS: The material related to this section is obsolete.
- (43) Exhibit 2.3.9-6, Command Code SINON: The material related to this section is obsolete.
- (44) Exhibit 2.3.9-7, Command Code SINON: The material related to this section is obsolete.
- (45) Exhibit 2.3.9.-8, Commonly Used Acronyms: The material related to this section is obsolete.
- (46) Exhibit 2.3.9-9, References: The material related to this section is obsolete.

EFFECT ON OTHER DOCUMENTS

This obsoletes IRM 2.3.9 as of the Manual Transmittal date. Material that remains effective has been incorporated into IRM 10.8.34, as identified in the Material Changes.

AUDIENCE

All Operating Divisions and Functions and The Treasury Inspector General for Tax Administration (TIGTA).

Terence V. Milholland
Chief Technology Officer
