2.3.64.1
(12-12-2024)
Program Scope and Objectives

- (1) **Overview**The Employee Plans Master File On-line (Command Code EMFOL) system provides read only access to Employee Plans Master File data.
- (2) **Purpose:** This IRM section provides the instructions for the use of Integrated Data Retrieval System (IDRS) command code EMFOL to display Employee Plans Master File data.
- (3) **Audience:** Taxpayer Services (TS), Large Business and International (LB&I), Small Business Self-Employed (SB/SE), Tax Exempt and Government Entities (TE/GE).
- (4) **Policy Owner:** Tax Exempt and Government Entities (TE/GE).
- (5) **Program Owner:** Tax Exempt and Government Entities (TE/GE)
- (6) **Primary Stakeholders:** Taxpayer Services (TS), Large Business and International (LB&I), Small Business Self-Employed (SB/SE), Tax Exempt and Government Entities (TE/GE).
- (7) **Program Goals:** The information provided in this IRM will instruct the user how to access the Employee Plans Master File data (Command Code EMFOL) screen that is requested.

2.3.64.1.1
(12-12-2024)
Background

- (1) The Employee Plans Master File on-line system provides read only access to accounts on the Employee Plans Master File (EPMF) in Martinsburg, WV. All EPMF accounts are available on-line.

2.3.64.1.2
(12-12-2024)
Authority

- (1) By law, federal agencies must document, publish and maintain records of policies, authorities, procedures and organizational operations. The IRM is the source for the IRS

2.3.64.1.3
(12-12-2024)
Roles and Responsibilities

- (1) Applications Development is responsible for maintenance of the command codes.

2.3.64.1.4
(12-12-2024)
Program Management and Review

- (1) Program Reports: EPMF is the primary source of data for EMFOL.
- (2) Program Effectiveness: N/A

2.3.64.1.5
(12-12-2024)
Program Controls

- (1) SACS controls all IDRS user accesses and permissions

2.3.64.1.6
(12-12-2024)
Terms/Definitions/ Acronyms

- (1) Defined Terms
- (2) Acronyms

Acronym	Definition
EPMF	Employees Plan Master File

IDRS	Integrated Data Retrieval System

Related Resources

- (1) EMFOL Cross-Reference Document

2.3.64.2
(01-01-2000)

General Information for Command Code EMFOL

- (1) The Employee Plans Master File on-line system provides read only access to accounts on the Employee Plans Master File (EPMF) in Martinsburg, WV. All EPMF accounts are available on-line.

2.3.64.3
(07-10-2000)

Command Code EMFOL

- (1) This command code is provided to furnish access to the Employee Plans Master File. Fields available include basic identifying information, amounts, counts, dates, codes and indicators. Transaction posting and status history are also available. Additionally, for any specified account (EIN), a plan and return module index can be requested.
- (2) Entity, Plan and Tax data are available on-line.
- (3) A help feature provides on-line information regarding the correct input formats for the command code.
- (4) Whenever possible, the entire set of requested data will be presented on a single page (screen). When all requested data cannot fit on a single page, multiple pages will be formatted for the presentation of the entire set of data. After the initial request, users may page through a multiple page response without re-entering their entry code.
- (5) Abbreviated input formats permit the user to display related data without reentering a full command code.
- (6) The cursor is shown as a "gray box" and will be returned on line 24, ready for a request for the next screen.
- (7) Fields that may be negative will be noted on the screen display with a "-".

2.3.64.4
(01-14-2014)

Command Code EMFOL Input Formats

- (1) CC EMFOL input with definer "C", and a Last Reported EIN will result in the display of all the DLNs, EINs, plans, tax periods and last reported plans for the input Last Reported EIN (no Plan Number or Tax Period).
- (2) CC EMFOL input with definer "D", an EIN and a Plan Number will result in the display of Plan Administrator data for the specified EIN/Plan Number (no Tax Period).
- (3) CC EMFOL input with definer "E" and an EIN will result in the display of Filer Entity information including the sponsor/employer name and address as well

as indicators, codes, notice information and posted transactions for the specified account (no Plan Number or Tax Period).

- (4) CC EMFOL input with definer "H" will result in the display of an on-line help screen.
- (5) CC EMFOL input with definer "I" and an EIN will result in the display of an index of all the plans and their related tax modules for the input EIN (no Plan Number or Tax Period).
- (6) CC EMFOL input with definer "L", an EIN and Plan Number will result in the display of the plan module information as well as posted plan transactions (no Tax Period).
- (7) CC EMFOL input with definer "S", an EIN, Plan Number and Tax Period will result in the display of the status history of the specified tax module.
- (8) CC EMFOL input with definer "T", an EIN Plan Number and Tax Period will result in the display of the tax module data from posted transactions for the specified account.
- (9) CC EMFOL input with definer "X", an EIN will result in the display of the Cross Reference EINs (no Plan Number or Tax Period). An EIN Plan Number will result in the display of the Cross Reference EINs and Cross Reference Plan Numbers (no Tax Period).

Definer	EIN	Plan Num	Tax Prd	Result
C	Y	N	N	Last Reported Data including DLN, EIN, Plan Number, Tax Period and Last Reported Plan Number
D	Y	Y	N	Plan Administrator Data including Administrator name, address and telephone number
E	Y	N	N	Filer Entity information including the sponsor/ employer name, address and telephone number as well as indicators, codes, notice information and posted transactions.
H	N	N	N	Help Screen
I	Y	N	N	Index of all plans and returns for this account (EIN)
L	Y	Y	N	Plan Data including data posted in the plan application and termination, sections as well as posted transactions
S	Y	Y	Y	Status History
T	Y	Y	Y	Tax Module including the control DLN, indicators, IDRS status, dates and posted transactions
X	Y	Y/N	N	Cross Reference Module including Cross Reference EINs when only EIN entered or Cross Reference EINs and Cross Reference Plan Numbers when EIN and Plan Number entered

2.3.64.5

(01-01-2000)

Command Code EMFOL Abbreviated Input Formats

- (1) Abbreviated formats permit the user to omit input fields that are the same as the previous command. For instance, the user may want to view a different screen for the same EIN and Plan Number or may want to view status information immediately after having viewed the return for the same module. CC EMFOL input with only a definer will result in a display of information about the last account accessed as long as the "required" data is present from the previous request.

2.3.64.6

(01-01-2000)

Command Code EMFOL Message Screens

- (1) Sometimes EMFOL cannot satisfy a request. In most cases a message screen is generated containing a message and explanation of what the problem may be.
 - a. DATABASE IS NOT AVAILABLE. PLEASE TRY LATER
 - b. INTERNAL PROGRAM ERROR () – CALL SUPERVISOR
There is a program or system problem. If you continue to get this message, please have your supervisor report the problem.
 - c. DBC LOGON FAILED – CALL SUPERVISOR
See (b) above
 - d. REQUEST EXCEEDED AVAILABLE TIME. PLEASE TRY LATER
See (b) above
 - e. REQUESTED ACCOUNT NOT FOUND. PLEASE CHECK INPUT
There is currently no such EIN (or EIN/PLAN NUMBER/TAX PERIOD combination) on the master file. Validate input data.
 - f. DEFINER CODE USED IS INVALID —CHECK INPUT
 - g. DEFINER CODE USED REQUIRES VALID EIN—CHECK INPUT
The EIN must be in edited EIN format: nn-nnnnnnn.
 - h. DEFINER CODE USED REQUIRES VALID PLAN NUMBER —CHECK INPUT
The Plan Number must be 3 numeric digits.
 - i. DEFINER CODE USED REQUIRES VALID TAX PERIOD — CHECK INPUT.
The Tax Period must be numeric and in YYYYMM format.
 - j. FILE SOURCE CODE MUST BE P OR BLANK — CHECK INPUT
If present, the File Source must be P for EPMF accounts
