Future Developments

For the latest information about developments related to Schedule B (Form 1120) and its instructions, such as legislation enacted after they were published, go to www.irs.gov/Form1120.

What's New

After December 22, 2017, the following nonshareholder contributions to the capital of a corporation are not eligible for exclusion under section 118.

- Any contribution by any civic group; or
- Any contribution by any governmental entity, except any contribution that was made after December 22, 2017, according to a master development plan that was approved prior to December 22, 2017, by a governmental entity.

Purpose of Form

Use Schedule B (Form 1120) to provide answers to additional questions for filers of Schedule M-3 (Form 1120).

Who Must File

Generally, filers of Form 1120 that file Schedule M-3 (Form 1120), must complete and file Schedule B (Form 1120). However, filers that (a) are required to file Schedule M-3 and have less than \$50 million in total assets at the end of the tax year or (b) are not required to file Schedule M-3 and voluntarily file Schedule M-3, are not required to file Schedule B (Form 1120). See the Instructions for Schedule M-3 (Form 1120) for more information.

In the case of a consolidated group, a parent corporation files one Schedule B for the entire group.

Specific Instructions

Question 1. Partnership Allocations

Answer "Yes" if this corporation is a partner in a partnership and has received special allocations of income, gain, loss, deduction, or credit from such partnership.

Example. P, a corporation, joins with B, an individual, in forming the PB Partnership. P and B each contribute \$50,000 in cash to PB Partnership. Profits and losses are allocated equally, with the exception of depreciation, which is allocated 99% to P and 1% to B.

P answers "Yes" to question 1 because its 99% allocation of depreciation deductions from PB Partnership is disproportionate to its ratio of sharing other items of income, gain, loss, deduction, or credit from PB Partnership.

Question 5. Changes in Accounting Principle

The term "change in accounting principle," means a change from one generally accepted accounting principle to another generally accepted accounting principle as described in Statement of Financial Accounting Standards (SFAS) No. 154—Accounting Changes and Error Corrections.

Answer "Yes" if a change in accounting principle occurred during the tax year that affected (or is expected to affect) the amount of income reported for financial statement purposes.

If the corporation has audited financial statements, any changes in accounting principle should be identified in footnotes to those statements.

Question 6. Change in Method of Accounting

Corporations are generally required to file Form 3115, Application for Change in Accounting Method, or a statement in lieu of Form 3115, to request a change in a method of accounting. See the Instructions for Form 3115 for information on requesting a change in accounting method.

Question 7. Voluntary Employees' Beneficiary Association Trusts

Employers that establish and fund welfare benefit plans on behalf of their employees do so through a tax-exempt trust that is referred to as a voluntary employees' beneficiary association (VEBA). See section 501(c)(9) and Regulations sections 1.501(c)(9)-1 through 1.501(c)(9)-8 for details.

Answer "Yes" if the corporation owned any VEBA trusts that were used to hold funds designated for employee benefits.

Question 8. Indirect Costs

Section 446(a) and Regulations section 1.446-1(a)(1) generally provide that taxable income shall be figured under the method of accounting on the basis of which the corporation regularly figures its income in keeping its books. An exception applies if book income does not clearly reflect income.

Answer "Yes" if the corporation, during the tax year, used an allocation method for indirect costs capitalized to self-constructed assets that varied from its financial statement method of accounting. Otherwise, answer "No." Also answer "No" if the corporation used the same method of allocating indirect costs to self-constructed assets, but capitalized a different amount due to differences in the amount of costs which are includible in the computation of income for the tax year.

Question 9. Mixed-Service Costs

Answer "Yes" if the corporation, during the tax year, treated purchasing, handling, and storage, as discussed in Regulations sections 1.263A-3(c)(1) through (5), and as defined in Regulations sections 1.263A-1(e)(3)(ii)(F), (G), and (H), as mixed-service costs as defined in Regulations section 1.263A-1(e)(4)(ii)(C). Otherwise, answer "No."

General Instructions

Purpose of Form

Use Schedule G (Form 1120) to provide information applicable to certain entities, individuals, and estates that own, directly, 20% or more, or own, directly or indirectly, 50% or more of the total voting power of all classes of the corporation's stock entitled to vote.

Who Must File

Every corporation that answers "Yes" to Form 1120, Schedule K, Questions 4a or 4b, must file Schedule G to provide the additional information requested for certain entities, individuals, and estates owning the corporation's voting stock.

Constructive Ownership of the Corporation

For purposes of Schedule G (Form 1120), the constructive ownership rules of section 267(c) (excluding section 267(c)(3)) apply to ownership of interests in corporate stock and ownership of interests in the profit, loss, or capital of a partnership. An interest in the corporation owned directly or indirectly by or for another entity (corporation, partnership, estate, or trust) is considered to be owned proportionately by the owners (shareholders, partners, or beneficiaries) of the owning entity. Also, under section 267(c), an individual is considered to own an interest owned directly or indirectly by or for his or her family. The family of an individual includes only that individual's spouse, brothers, sisters, ancestors, and lineal descendants.

An interest will be attributed from an individual under the family attribution rules only if the person to whom the interest is attributed owns a direct or an indirect interest in the corporation under section 267(c)(1) or (5). However, for purposes of these instructions, an individual will not be considered to own, under section 267(c)(2), an interest in the corporation owned, directly or indirectly, by a family member unless the individual also owns an interest in the corporation either directly or indirectly through a corporation, partnership or trust.

Example 1. Corporation A owns, directly, a 50% interest in the profit, loss, or capital of Partnership B. Corporation A also owns, directly, a 15% interest in the profit, loss, or capital of Partnership C and owns, directly, 15% of the voting stock of Corporation D. Partnership B owns, directly, a 70% interest in the profit, loss, or capital of Partnership C and owns, directly, 70% of the voting stock of Corporation D. Corporation A owns. indirectly, through Partnership B, a 35% interest (50% of 70%) in the profit, loss, or capital of Partnership C and owns, indirectly, 35% of the voting stock of Corporation D. Corporation A owns, directly or indirectly, a 50% interest in the profit, loss, or capital of Partnership C (15% directly and 35% indirectly), and owns, directly or indirectly, 50% of the voting stock of Corporation D (15% directly and 35% indirectly).

Corporation D reports in Part I that its voting stock is owned, directly or indirectly, 50% by Corporation A and is owned, directly, 70% by Partnership B.

Example 2. A owns, directly, 50% of the voting stock of Corporation X. B, the daughter of A, does not own, directly, any interest in Corporation X and does not own, indirectly, any interest in Corporation X through any entity (corporation, partnership, trust, or estate). Therefore, the family attribution rules do not apply and, for the purposes of Part II, the 50% interest of A in Corporation X is not attributed to B.

Example 3. A owns, directly, 50% of the voting stock of Corporation X. B, the daughter of A, does not own, directly, any interest in X but does own, indirectly, 10% of the voting stock of Corporation X through Trust T of which she is the sole beneficiary. No other family member of A or B owns, directly, any interest in Corporation X nor does any own, indirectly, any interest in Corporation X through any entity. Neither A nor B owns any other interest in Corporation X through any entity.

For the purposes of Part II, the 50% interest of A in the voting stock of Corporation X is attributed to B and the 10% interest of B in the voting stock of Corporation X is attributed to A. A owns, directly or indirectly, 60% of the voting stock of Corporation X, 50% directly and 10% indirectly through B. B owns, directly or indirectly, 60% of the voting stock of Corporation X (50% indirectly through A and 10% indirectly through Trust T).

What's New

Small business taxpayers. For tax years beginning after December 31, 2023, if filing Form 1125-A for a small business taxpayer that uses an alternative method of accounting for inventories, check the applicable box on line 9a(iv) through 9a(vi). See the instructions for line 9.

General Instructions

Purpose of Form

Use Form 1125-A to figure and deduct cost of goods sold for certain entities.

Who Must File

Filers of Form 1120, 1120-C, 1120-F. 1120S, or 1065 must complete and attach Form 1125-A if the applicable entity reports a deduction for cost of goods sold.

Inventories

Generally, inventories are required at the beginning and end of each tax year if the production, purchase, or sale of merchandise is an income-producing factor. See Regulations section 1.471-1(a). If inventories are required, you generally must use an accrual method of accounting for sales and purchases of inventory items.

Exception for small business taxpayers. A small business taxpayer can account for inventory by treating the inventory as non-incidental materials and supplies (line 9a(iv)), or conforming to its treatment of inventory in an applicable financial statement (as defined in section 451(b)(3)) (line 9a(v)). If it does not have an applicable financial statement, a small business taxpayer can use the method of accounting used in its books and records prepared according to its accounting procedures

See the discussion on small business taxpayers in the instructions for your tax return. Also see sections 448(c) and 471(c).

(line 9a(vi)).

For additional guidance on methods of accounting, see Pub. 538, Accounting Periods and Methods. For guidance on changing methods of accounting, see Form 3115, Application for Change in Accounting Method, and the Instructions for Form 3115.

Uniform capitalization rules. The uniform capitalization rules of section 263A generally require you to capitalize, or include in inventory, certain costs incurred in connection with the following.

- The production of real property and tangible personal property held in inventory or held for sale in the ordinary course of business.
- Real property or personal property (tangible and intangible) acquired for resale.
- The production of real property and tangible personal property for use in its trade or business or in an activity engaged in for profit.

A small business taxpayer is not required to capitalize costs under section 263A. See section 263A(i).

See the discussion on section 263A uniform capitalization rules in the instructions for your tax return before completing Form 1125-A. Also see Regulations sections 1.263A-1 through 1.263A-3. See Regulations section 1.263A-4 for rules for property produced in a farming business and Pub. 225, Farmer's Tax Guide.

Form 1125-A (Rev. 11-2024) Page **2**

Specific Instructions

Line 1. Inventory at Beginning of Year

If you are changing your method of accounting for the current tax year, you must refigure last year's closing inventory using the new method of accounting. Enter the result on line 1. If there is a difference between last year's closing inventory and the refigured amount, attach an explanation and take it into account when figuring any section 481(a) adjustment.

Line 2. Purchases

Reduce purchases by items withdrawn for personal use. For a partnership, the cost of these items should be shown on Schedule K and Schedule K-1 as distributions to partners.

Line 4. Additional Section 263A Costs

If you elected a simplified method of accounting, enter on line 4 the balance of section 263A costs paid or incurred during the tax year not includible on lines 2, 3, and 5

If you elected the simplified production method or the modified simplified production method, additional section 263A costs are generally those costs, other than interest, that are not included in your section 471 costs but that are required to be capitalized under section 263A. For details, see Regulations section 1.263A-2(b).

If you elected the simplified resale method, additional section 263A costs are generally those costs incurred with respect to the following categories.

- Off-site storage or warehousing.
- Purchasing.
- Handling, such as processing, assembling, repackaging, and transporting.
- General and administrative costs (mixed service costs).

Line 5. Other Costs

Enter on line 5 any costs paid or incurred during the tax year not entered on lines 2 through 4. Attach a statement listing details of the costs.

Special Rules for Cooperatives

Cooperatives are allowed to deduct certain per-unit retain allocations. Include these costs on line 5. Attach a statement listing details of per-unit retain allocations paid in:

- · Qualified per-unit retain certificates,
- Money or other property (except nonqualified per-unit certificates), and
- Nonqualified per-unit retain certificates redeemed this year.

Per-unit retain allocations. A cooperative is allowed to deduct from its taxable income amounts paid during the payment period for the tax year as per-unit retain allocations to the extent paid in money, qualified per-unit retain certificates, or other property with respect to marketing occurring during the tax year. A per-unit retain allocation is any allocation from a cooperative to a patron for products marketed for the patron without reference to the cooperative net earnings. A qualified per-unit retain certificate is any per-unit retain certificate that the distributee has agreed to take into account at its stated dollar amount.

Nonqualified per-unit retain certificates redeemed this year. Include the amount paid in money or other property (except amounts already included as per-unit retain certificates) to patrons to redeem nonqualified per-unit retain certificates. No deduction is allowed at the time of issuance for a nonqualified per-unit retain certificate. However, the cooperative may take a deduction in the year the certificate is redeemed, subject to the stated dollar amount of the certificate. See section 1383. Also see the instructions for Form 1120-C. line 30h, for a special rule for figuring the cooperative's tax in the year of redemption of a nonqualified per-unit retain certificate.

Line 7. Inventory at End of Year

See Regulations sections 1.263A-1 through 1.263A-3 for details on figuring the amount of additional section 263A costs to be included in ending inventory.

Line 8. Cost of Goods Sold

Enter the amount from line 8 on your tax return as follows. Filers of Form 1120, 1120-C, 1120S, and 1065, enter cost of goods sold on page 1, line 2. Filers of Form 1120-F, enter cost of goods sold on Section II, line 2.

Line 9. Inventory Valuation Methods

Complete line 9 as follows.

Line 9a. Inventory methods. Check all applicable boxes on lines 9a(i) through 9a(iii) to indicate how the value of an inventory item is figured.

For certain small business taxpayers that have adopted or changed to an alternative accounting method that is an exception to the general inventory requirements described above, check a box on lines 9a(iv) through 9a(vi) in lieu of checking an applicable box on lines 9a(i) through 9a(iii).

See Regulations sections 1.471-1(b)(3) through (6) and your accounting procedures.

Inventories can be valued at:

- Cost.
- Cost or market value (whichever is lower),
- Any other method approved by the IRS that conforms to the requirements of the applicable regulations cited below.

Under lower of cost or market, the term "market" (for normal goods) means the current bid price prevailing on the inventory valuation date for the particular merchandise in the volume usually purchased by the filer. For a manufacturer, market applies to the basic elements of cost—raw materials, labor, and burden. If section 263A applies, the basic elements of cost must reflect the current bid price of all direct costs and all indirect costs properly allocable to goods on hand at the inventory date.

Inventory may be valued below cost when the merchandise is unsalable at normal prices or unusable in the normal way because the goods are subnormal due to damage, imperfections, shopwear, change of style, odd or broken lots, or other similar causes, including secondhand goods taken in exchange. The goods may be valued at the bona fide selling price, minus the direct cost of disposition (but not less than scrap value). Bona fide selling price means actual offering of goods during a period ending not later than 30 days after inventory date.

The methods on line 9a are methods of accounting. Any method, once established, cannot be changed in a later year without requesting a change in accounting method. See the Instructions for Form 3115 for more information on requesting accounting method changes.

Lines 9c and 9d. LIFO method. If this is the first year the last-in, first-out (LIFO) inventory method was either adopted or extended to inventory goods not previously valued under the LIFO method provided in section 472, attach Form 970, Application To Use LIFO Inventory Method, or a statement with the information required by Form 970. Check the LIFO box on line 9c. On line 9d(i), enter the amount of total closing inventories figured under section 472.

If you changed or extended your inventory method to LIFO and had to write up the opening inventory to cost in the year of election, report the effect of the write-up as other income, on your applicable return, proportionately over a 3-year period that begins with the year of the LIFO election.

On line 9d(ii), enter the closing LIFO Reserve. The closing LIFO Reserve is figured by subtracting the LIFO value of the inventory subject to a LIFO method that is on hand at the end of the tax year from the first-in, first-out (FIFO) value of that inventory. If the closing LIFO Reserve amount is negative, place the amount on line 9d(ii) in parentheses.

Form 1125-A (Rev. 11-2024) Page **3**

Note: Entities using the LIFO method that make an S corporation election or transfer LIFO inventory to an S corporation in a nonrecognition transaction may be subject to an additional tax attributable to the LIFO recapture amount. See the instructions for Form 1120, Schedule J, line 11, or the applicable line on your tax return.

Line 9e. If property is produced or acquired for resale and the rules of section 263A apply to the corporation, cooperative, partnership, or other applicable entity, check the "Yes" box on line 9e.

Future Developments

For the latest information about developments related to Form 8916-A and its instructions, such as legislation enacted after they were published, go to www.irs.gov/Form1120.

General Instructions

Purpose of Form

Use Form 8916-A to provide a detailed schedule of the amounts reported on the applicable Schedule M-3 for cost of goods sold, interest income, and interest expense.

Who Must File

Generally, Form 8916-A must be filed for each separate entity required to file a Schedule M-3 for Form 1065, Form 1120, Form 1120-C, Form 1120-L, Form 1120-PC, or Form 1120-S.

However, certain separate entities that (a) are required to file a Schedule M-3 and have less than \$50 million in total assets at the end of the tax year, or (b) are not required to file a Schedule M-3 and voluntarily file a Schedule M-3, are not required to file Form 8916-A but may voluntarily do so. See the instructions for the applicable Schedule M-3 for each separate entity.

Note. Schedule M-3 (Form 1120) mixed group filers, all Schedule M-3 (Form 1120-L) filers, and all Schedule M-3 (Form 1120-PC) filers must file Form 8916-A.

Consolidated groups. In the case of a consolidated tax group, a Form 8916-A must be filed as part of the Schedules M-3 prepared for the parent company, each subsidiary, the eliminations Schedule M-3, and the consolidated Schedule M-3. It is not required that the supporting detail for Form 8916-A, Part I, line 6, be presented for the eliminations Schedule M-3 or the consolidated Schedule M-3.

Mixed groups. In the case of a mixed group (as described in the instructions for Schedule M-3 for Form 1120, Form 1120-L, and Form 1120-PC), a Form 8916-A, if applicable, is required at the sub-consolidated level and the sub-consolidated elimination level.

How To File

Attach Form 8916-A to each applicable separate Schedule M-3.

Specific Instructions

Note. Any filer that completes Parts II and III of Schedule M-3 (Form 1120) and Form 8916-A must complete all columns, without exception. See the instructions for Parts II and III of the applicable Schedule M-3.

Part I. Cost of Goods Sold

I ine

Report differences attributable to cost flow assumptions, for example, differences between book and tax LIFO computations. Generally, differences in the LIFO reserves for book and tax purposes should be reported on this line.

Line 2n

Report differences attributable to section 263A. For example, if book inventory costs do not equal section 471 inventory costs, report differences between section 471 inventory costs and section 263A inventory costs. This includes all cost of goods sold differences, not just differences attributable to additional section 263A cost adjustments to ending inventory. LIFO taxpayers using the simplified production method or the simplified resale method should report the amount of additional section 263A costs computed after LIFO computations. LIFO taxpayers not using a simplified section 263A method should report costs attributable to additional section 263A prior to performing LIFO computation. Differences due to purchasing, and storage and handling costs, should generally be reported on line 2n (to the extent not already included in lines 2a through 2m). Report the additional section 263A cost adjustments to ending inventory on line 2n (and the reversal of the prior year ending inventory, if applicable).

Lines 4 and 5

If the taxpayer does not distinguish between obsolescence and excess inventory reserves and lower of cost or market write-downs in its general ledger, report all amounts relating to these reserves on line 4 for excess inventory and obsolescence reserves.

Line 6

Attach a statement that separately states and adequately discloses the nature and amount of each expense reported on this line. See the instructions for the applicable Schedule M-3 for a definition of "separately stated and adequately disclosed." It is not required that the supporting detail for Form 8916-A, Part I, line 6, be presented for the eliminations Schedule M-3 or the consolidated Schedule M-3. Report differences between book inventory costs and section 471 inventory costs on this line.

Line 7

Report all other items with no differences on this line. For example, if book inventory costs equal section 471 inventory costs, this line should report total book inventory and section 471 inventory costs without regard to amounts reported on lines 1 through 5.

Line 8

Line 8 should equal the amount reported on Schedule M-3 (Form 1120), Part II, line 17; Schedule M-3 (Form 1120-S), Part II, line 15; or Schedule M-3 (Form 1065), Part II, line 15. See the instructions for the applicable Schedule M-3.

Future Developments

For the latest information about developments related to Form 8453-CORP and its instructions, such as legislation enacted after they were published, go to www.irs.gov/Form8453CORP.

What's New

E-file update. Form 8453-CORP has been updated to accommodate additional corporations that may be able to electronically file their income tax returns.

General Instructions

Instead of filing Form 8453-CORP, a corporate officer filing a corporation's return through an electronic return originator (ERO) can sign the return using a personal identification number (PIN). For details, see Form 8879-CORP, E-file Authorization for Corporations.

Purpose of Form

Use Form 8453-CORP to:

- Authenticate an electronic Form 1120, U.S. Corporation Income Tax Return; Form 1120-F, U.S. Income Tax Return of a Foreign Corporation; Form 1120-H, U.S. Income Tax Return for Homeowners Associations; Form 1120-S, U.S. Income Tax Return for an S Corporation; or any applicable corporate return electronically filed;
- Authorize the ERO, if any, to transmit via a third-party transmitter;
- Authorize the intermediate service provider (ISP) to transmit via a third-party transmitter if you are filing online (not using an ERO); and
- Provide the corporation's consent to directly deposit any refund and/ or authorize an electronic funds withdrawal for payment of federal taxes owed.

Who Must File

If you are filing an applicable Form 1120 series return through an ISP and/or transmitter and you are not using an ERO, you must file Form 8453-CORP with your electronically filed return. An ERO can use either Form 8453-CORP or Form 8879-CORP to obtain authorization to file the corporation's return.

When and Where To File

File Form 8453-CORP with the corporation's electronically filed income tax return. Use a scanner to create a Portable Document Format (PDF) file of the completed form. Your tax preparation software will allow you to transmit this PDF file with the return.

Specific Instructions

Name. Print or type the corporation's name in the space provided. **Employer identification number (EIN).** Enter the corporation's EIN in the space provided.

Part I. Information

Complete Part I using the amounts from the applicable corporation's income tax return. If completing Form 8453-CORP for a corporation not listed on lines 1 through 3, include on line 4 the corporation's form number and total income from the applicable line of the corporation's return.

Part II. Declaration of Officer

Note: The corporate officer must check all applicable boxes.

If the corporation has tax due and the officer did not check box C, the corporation must make a timely payment using one of the methods described in the instructions for its tax return. For more information on depositing taxes, see the instructions for the corporation's tax return.

If the officer checks box C, the officer must ensure that the following information relating to the financial institution account is provided in the tax preparation software.

- · Routing number.
- Account number.
- Type of account (checking or savings).
- Debit amount.
- Debit date (date the corporation wants the debit to occur).

An electronically transmitted return will not be considered complete, and therefore filed, unless either:

- Form 8453-CORP is signed by a corporate officer, scanned into a PDF file, and transmitted with the return; or
- The return is filed through an ERO and Form 8879-CORP is used to select a PIN that is used to electronically sign the return.

The officer's signature allows the IRS to disclose to the ERO, transmitter, and/or ISP:

- An acknowledgement that the IRS has accepted the corporation's electronically filed return, and
- The reason(s) for any delay in processing the return or refund.
 The declaration of officer must be signed and dated by:
- The president, vice president, treasurer, assistant treasurer, or chief accounting officer; or
- Any other corporate officer (such as tax officer) authorized to sign the corporation's income tax return.

If the ERO makes changes to the electronic return after Form 8453-CORP has been signed by the officer, whether it was before it was transmitted or if the return was rejected after transmission, the ERO must have the officer complete and sign a corrected Form 8453-CORP if either:

- Total income differs from the amount on the electronic return by more than \$150, or
- Taxable income differs from the amount on the electronic return by more than \$100.

Part III. Declaration of Electronic Return Originator (ERO) and Paid Preparer

Note: If the return is filed online through an ISP and/or transmitter (not using an ERO), do not complete Part III.

If the corporation's return is filed through an ERO, the IRS requires the ERO's signature. A paid preparer, if any, must sign Form 8453-CORP in the space for Paid Preparer Use Only. But if the paid preparer is also the ERO, do not complete the paid preparer section. Instead, check the box labeled "Check if also paid preparer."

Use of PTIN

Paid preparers. Anyone who is paid to prepare the corporation's return must enter their PTIN in Part III. For information on applying for and receiving a PTIN, see Form W-12, IRS Paid Preparer Tax Identification Number (PTIN) Application and Renewal, or go to *www.irs.gov/PTIN*.

EROs who are not paid preparers. Only EROs who are not also the paid preparer of the return have the option to enter their PTIN or their social security number in the "ERO's Use Only" section of Part III. For information on applying for and receiving a PTIN, see Form W-12 or go to www.irs.gov/PTIN.

Refunds

After the IRS has accepted the return, the refund should be issued within 3 weeks. However, some refunds may be delayed because of compliance reviews to ensure that returns are accurate.

Privacy Act and Paperwork Reduction Act Notice. We ask for the information on this form to carry out the Internal Revenue laws of the United States. You are required to give us the information. We need it to ensure that you are complying with these laws and to allow us to figure and collect the right amount of tax.
