HIGHLIGHTS OF THIS ISSUE

These synopses are intended only as aids to the reader in identifying the subject matter covered. They may not be relied upon as authoritative interpretations.

Bulletin No. 2025-28
July 7, 2025

INCOME TAX

Notice 2025-31, page 14.

This notice publishes information that taxpayers may use to determine whether they meet certain requirements under the Statistical Area Category or the Coal Closure Category as described in sections 3.03 and 3.04 of Notice 2023-29 for purposes of qualifying for energy community bonus credit amounts or rates under §§ 45, 45Y, 48, and 48E of the Internal Revenue Code. This information is provided in Appendices 1, 2, 3, 4, and 5 of this notice. Appendices 1, 2, and 3 of this notice address the Statistical Area Category,

and Appendices 4 and 5 of this notice address the Coal Closure Category. This notice does not provide information addressing the Brownfield Category as described in section 3.02 of Notice 2023-29. None of the appendices provided for purposes of energy community bonus credit amounts or rates are applicable for purposes of the qualifying advanced energy project credit determined under § 48C.

Rev. Rul. 2025-13, page 11.

Federal rates; adjusted federal rates; adjusted federal long-term rate, and the long-term tax exempt rate. For purposes of sections 382, 1274, 1288, 7872 and other sections of the Code, tables set forth the rates for July 2025.

The IRS Mission

Provide America's taxpayers top-quality service by helping them understand and meet their tax responsibilities and enforce the law with integrity and fairness to all.

Introduction

The Internal Revenue Bulletin is the authoritative instrument of the Commissioner of Internal Revenue for announcing official rulings and procedures of the Internal Revenue Service and for publishing Treasury Decisions, Executive Orders, Tax Conventions, legislation, court decisions, and other items of general interest. It is published weekly.

It is the policy of the Service to publish in the Bulletin all substantive rulings necessary to promote a uniform application of the tax laws, including all rulings that supersede, revoke, modify, or amend any of those previously published in the Bulletin. All published rulings apply retroactively unless otherwise indicated. Procedures relating solely to matters of internal management are not published; however, statements of internal practices and procedures that affect the rights and duties of taxpayers are published.

Revenue rulings represent the conclusions of the Service on the application of the law to the pivotal facts stated in the revenue ruling. In those based on positions taken in rulings to taxpayers or technical advice to Service field offices, identifying details and information of a confidential nature are deleted to prevent unwarranted invasions of privacy and to comply with statutory requirements.

Rulings and procedures reported in the Bulletin do not have the force and effect of Treasury Department Regulations, but they may be used as precedents. Unpublished rulings will not be relied on, used, or cited as precedents by Service personnel in the disposition of other cases. In applying published rulings and procedures, the effect of subsequent legislation, regulations, court decisions, rulings, and procedures must be considered, and Service personnel and others concerned are cautioned

against reaching the same conclusions in other cases unless the facts and circumstances are substantially the same.

The Bulletin is divided into four parts as follows:

Part I.—1986 Code.

This part includes rulings and decisions based on provisions of the Internal Revenue Code of 1986.

Part II.—Treaties and Tax Legislation.

This part is divided into two subparts as follows: Subpart A, Tax Conventions and Other Related Items, and Subpart B, Legislation and Related Committee Reports.

Part III.—Administrative, Procedural, and Miscellaneous.

To the extent practicable, pertinent cross references to these subjects are contained in the other Parts and Subparts. Also included in this part are Bank Secrecy Act Administrative Rulings. Bank Secrecy Act Administrative Rulings are issued by the Department of the Treasury's Office of the Assistant Secretary (Enforcement).

Part IV.—Items of General Interest.

This part includes notices of proposed rulemakings, disbarment and suspension lists, and announcements.

The last Bulletin for each month includes a cumulative index for the matters published during the preceding months. These monthly indexes are cumulated on a semiannual basis, and are published in the last Bulletin of each semiannual period.

The contents of this publication are not copyrighted and may be reprinted freely. A citation of the Internal Revenue Bulletin as the source would be appropriate.

Part I

Section 1274.— Determination of Issue Price in the Case of Certain Debt Instruments Issued for Property

(Also Sections 42, 280G, 382, 467, 468, 482, 483, 1288, 7520, 7872.)

Rev. Rul. 2025-13

This revenue ruling provides various prescribed rates for federal income

tax purposes for July 2025 (the current month). Table 1 contains the short-term, mid-term, and long-term applicable federal rates (AFR) for the current month for purposes of section 1274(d) of the Internal Revenue Code. Table 2 contains the short-term, mid-term, and long-term adjusted applicable federal rates (adjusted AFR) for the current month for purposes of section 1288(b). Table 3 sets forth the adjusted federal long-term rate and the long-term tax-exempt rate described in section 382(f). Table 4 contains the appropriate percentages for determining the

low-income housing credit described in section 42(b)(1) for buildings placed in service during the current month. However, under section 42(b)(2), the applicable percentage for non-federally subsidized new buildings placed in service after July 30, 2008, shall not be less than 9%. Table 5 contains the federal rate for determining the present value of an annuity, an interest for life or for a term of years, or a remainder or a reversionary interest for purposes of section 7520. Finally, Table 6 contains the blended annual rate for 2024 for purposes of section 7872.

REV. RUL. 2025-13 TABLE 1
Applicable Federal Rates (AFR) for July 2025
Period for Compounding

REV. RUL. 2025-13 TABLE 6

Blended Annual Rate for 2025

Section 7872(e)(2) blended annual rate for 2025	4.22%
---	-------

Section 42.—Low-Income Housing Credit

The applicable federal short-term, mid-term, and long-term rates are set forth for the month of July 2025. See Rev. Rul. 2025-13, page 11.

Section 467.—Certain Payments for the Use of Property or Services

The applicable federal short-term, mid-term, and long-term rates are set forth for the month of July 2025. See Rev. Rul. 2025-13, page 11.

Section 483.—Interest on Certain Deferred Payments

The applicable federal short-term, mid-term, and long-term rates are set forth for the month of July 2025. See Rev. Rul. 2025-13, page 11.

Section 280G.—Golden Parachute Payments

The applicable federal short-term, mid-term, and long-term rates are set forth for the month of July 2025. See Rev. Rul. 2025-13, page 11.

Section 468.—Special Rules for Mining and Solid Waste Reclamation and Closing Costs

The applicable federal short-term rates are set forth for the month of July 2025. See Rev. Rul. 2025-13, page 11.

Section 1288.—Treatment of Original Issue Discount on Tax-Exempt Obligations

The adjusted applicable federal short-term, mid-term, and long-term rates are set forth for the month of July 2025. See Rev. Rul. 2025-13, page 11.

Section 382.—Limitation on Net Operating Loss Carryforwards and Certain Built-In Losses Following Ownership Change

The adjusted applicable federal long-term rate is set forth for the month of July 2025. See Rev. Rul. 2025-13, page 11.

Section 482.—Allocation of Income and Deductions Among Taxpayers

The applicable federal short-term, mid-term, and long-term rates are set forth for the month of July 2025. See Rev. Rul. 2025-13, page 11.

Section 7520.—Valuation Tables

The applicable federal mid-term rates are set forth for the month of July 2025. See Rev. Rul. 2025-13, page 11.

Section 7872.—Treatment of Loans With Below- Market Interest Rates

The applicable federal short-term, mid-term, and long-term rates are set forth for the month of July 2025. See Rev. Rul. 2025-13, page 11.

Part III

Energy Community Bonus Credit Amounts or Rates

Annual Statistical Area Category Update and Coal Closure Category Update

Notice 2025-31

SECTION 1. PURPOSE

This notice publishes information that taxpayers may use to determine whether they meet certain requirements under the Statistical Area Category or the Coal Closure Category as described in sections 3.03 and 3.04 of Notice 2023-29¹ for purposes of qualifying for energy community bonus credit amounts or rates under §§ 45, 45Y, 48, and 48E of the Internal Revenue Code (Code).² This information is provided in Appendices 1, 2, 3, 4, and 5 of this notice. Appendices 1, 2, and 3 of this notice address the Statistical Area Category, and Appendices 4 and 5 of this notice address the Coal Closure Category. This notice does not provide information addressing the Brownfield Category as described in section 3.02 of Notice 2023-29. None of the appendices provided for purposes of energy community bonus credit amounts or rates are applicable for purposes of the qualifying advanced energy project credit determined under § 48C.

SECTION 2. BACKGROUND

Public Law 117-169, 136 Stat. 1818 (August 16, 2022), commonly known as the Inflation Reduction Act of 2022 (IRA), amended §§ 45 and 48 to provide increased credit amounts or rates if certain requirements pertaining to energy communities are satisfied with respect to a qualified facility or energy property placed in service after December 31, 2022. The IRA also enacted new §§ 45Y and 48E, which allow increased credit amounts or rates for

certain qualified facilities and for § 48E, energy storage technologies, that satisfy similar requirements and are placed in service after December 31, 2024.

Sections 45(b)(11), 48(a)(14), 45Y(g)(7), and 48E(a)(3)(A) provide the requirements that taxpayers must satisfy to qualify EC Projects (as defined in section 2 of Notice 2023-29) for increased energy community bonus credit amounts or rates. Section 2 of Notice 2023-29 provides that the term “EC Project” refers to: (1) a qualified facility eligible for a credit determined under § 45 (§ 45 credit) or determined under § 45Y (§ 45Y credit) that is located in an energy community; (2) an energy project eligible for a credit determined under § 48 (§ 48 credit), which may include qualified property for which a taxpayer has made a valid irrevocable election under § 48(a)(5) to treat such qualified property as energy property under § 48, that is placed in service within an energy community; or (3) a qualified investment with respect to a qualified facility or an energy storage technology eligible for a credit determined under § 48E (§ 48E credit) that is placed in service within an energy community.

Section 45(b)(11)(A) provides that in the case of a qualified facility located in an energy community, the § 45 credit (determined after the application of § 45(b)(1) through (10)), without the application of § 45(b)(9) (domestic content bonus credit amount) is increased by 10 percent. Section 45Y(g)(7) provides a similar rule with respect to a qualified facility that is eligible for a § 45Y credit.

Section 48(a)(14) provides that in the case of an energy project placed in service within an energy community, the energy percentage used to determine the rate of the § 48 credit is increased by 2 percentage points. Section 48E(a)(3)(A) provides a similar rule for qualified investments with respect to a qualified facility or energy storage technology eligible for a § 48E credit that is placed in service within an energy community. In the case

of a taxpayer also satisfying the prevailing wage and apprenticeship requirements (described in §§ 48(a)(10) and (11) and 48E(d)(3) and (4)) or meeting one of the other project requirements (described in §§ 48(a)(9)(B) and 48E(a)(2)(A)(ii) and (2)(B)(ii)), the rate of the § 48 credit or § 48E credit, as applicable, is increased by 10 percentage points.

Section 45(b)(11)(B) identifies three location-based categories of energy communities for purposes of §§ 45, 45Y, 48, and 48E, described in Notice 2023-29 as the Brownfield Category, the Statistical Area Category, and the Coal Closure Category. Notice 2023-29 contains three appendices (A, B, and C) that set forth certain metropolitan statistical areas (MSAs) or non-metropolitan statistical areas (non-MSAs) relevant to the Statistical Area Category and certain census tracts within the Coal Closure Category. Notice 2023-47³ contains three appendices (1, 2, and 3) that update the information provided in the appendices to Notice 2023-29. Notice 2024-30 contains two appendices (1 and 2) that update the information provided in Appendix B to Notice 2023-29 and Appendices 1 and 2 to Notice 2023-47. Notice 2024-48⁴ contains two appendices (1 and 2) that update the information provided in Appendix C to Notice 2023-29, Appendices 2 and 3 to Notice 2023-47, and Appendix 2 to Notice 2024-30.

SECTION 3. ENERGY COMMUNITY APPENDICES

This notice provides new Appendices 1, 2, 3, 4, and 5 to update relevant features of the Statistical Area Category eligibility, list additional counties that satisfy the Fossil Fuel Employment threshold, list counties that satisfy both the Fossil Fuel Employment and the unemployment rate criteria for eligibility as an energy community, and list additional census tracts that satisfy the Coal Closure Category for eligibility as an energy community.

¹ Notice 2023-29, 2023-29 I.R.B. 1 (July 17, 2023), *clarified* by Notice 2023-45, 2023-29 I.R.B. 317 (July 17, 2023), and *modified* by Notice 2024-30, 2024-16 I.R.B. 878 (April 15, 2024).

² Unless otherwise specified, all “section” or “§” references are to sections of the Code.

³ Notice 2023-47, 2023-29 I.R.B. 318 (July 17, 2023).

⁴ Notice 2024-48, 2024-26 I.R.B. 1749 (June 24, 2024).

Appendices 1, 2, and 3 to this notice contain two “vintages” of delineations of MSAs and non-MSAs used for determination of Statistical Area Category eligibility. The first, termed “Vintage 1,” reflects groupings of county and county-equivalents into MSAs and non-MSAs generally based on the 2010 Decennial Census. Appendix A to Notice 2023-29 contains these Vintage 1 initial delineations of MSAs and non-MSAs used for determination of Statistical Area Category eligibility in Notice 2023-29, Notice 2023-45, Notice 2023-47, Notice 2024-30, and Notice 2024-48. The second, termed “Vintage 2,” reflects groupings of county and county-equivalents into MSAs and non-MSAs generally based on the 2020 Decennial Census.

(1) Appendix 1: Appendix 1 is a list of county and county-equivalents that incorporates MSAs and non-MSAs that are newly relevant to the Statistical Area Category based on updated information from the Office of Management and Budget (OMB) and the Bureau of Labor Statistics (BLS) regarding the 2020 Decennial Census. Appendix 1 lists each county or county-equivalent as well as its MSA or non-MSA, as applicable, for both Vintage 1 and Vintage 2. Counties may have changed MSA or non-MSA, as applicable, between the two vintages.

(2) Appendix 2: Appendix 2 is a list of counties that have met the Fossil Fuel Employment threshold as of the Census Bureau’s publication of the 2022 County Files of the County Business Patterns (CBP) as part of Vintage 1, Vintage 2, or both. Along with Appendix 2 to this notice, Appendix 1 to Notice 2023-47, and Appendix B to

Notice 2023-29 together provide the full list of counties or county-equivalents that meet the Fossil Fuel Employment threshold applicable to the period beginning on January 1, 2023, and until the Department of the Treasury (Treasury Department) and the Internal Revenue Service (IRS) issue an updated list.

(3) Appendix 3: Appendix 3 is a list of counties and county-equivalents that qualify as energy communities as part of Vintage 1, Vintage 2, or both, because they meet the Fossil Fuel Employment threshold and have an unemployment rate at or above the national average unemployment rate for calendar year 2024 as described in § 45(b)(11)(B)(ii)(II) and section 3.03(3) of Notice 2023-29. A county or county-equivalent qualifies as an energy community only if it meets the criteria for both the Fossil Fuel Employment threshold and the unemployment rate under the same “vintage.” Appendix 3 uses the 2024 calendar year county unemployment rates released on April 18, 2025, by the Local Area Unemployment Statistics (LAUS) program of the Bureau of Labor Statistics (BLS)⁵ to include MSAs and non-MSAs that meet the Fossil Fuel Employment threshold⁶ and that also have an unemployment rate at or above the national average unemployment rate for calendar year 2024.⁷ The energy community status for the MSAs and non-MSAs listed in Appendix 3 is applicable as of June 23, 2025, and that status will continue until the Treasury Department and the IRS issue an updated list based on unemployment rates for 2025.

(4) Appendix 4: Appendix 4 lists the newly identified census tracts with either a coal mine closure or a coal-fired electric

generating unit retirement (collectively referred to as “coal closures”), and census tracts that directly adjoin the census tracts with coal closures, using the Mine Safety and Health Administration’s (MSHA) Mine Data Retrieval System data and the U.S. Energy Information Administration’s EIA Form 860 and EIA Form 860M data as of April 1, 2025, and historical extracts from the MSHA’s Mine Data Retrieval System that enumerates each status change for a mine. Appendix 4 should be combined with Appendix C to Notice 2023-29, Appendix 3 to Notice 2023-47, and Appendix 2 to Notice 2024-48 to provide the full list of coal closure census tracts.

(5) Appendix 5: Appendix 5 lists those tracts contained in Appendix 4 that newly qualify as coal closure census tracts because of location data corrections issued since the publication of Notice 2024-48. Projects placed in service after December 31, 2022, that would have been EC Projects but for their location outside an energy community that are located in a census tract listed in Appendix 5 are eligible to claim the energy community bonus for taxable years starting after December 31, 2022.

SECTION 4. DRAFTING INFORMATION

The principal author of this notice is the Office of Associate Chief Counsel (Energy, Credits, and Excise Tax). However, other personnel from the Treasury Department and the IRS participated in its development. For further information regarding this notice, call the energy security guidance contact number at (202) 317-5254 (not a toll-free number).

⁵BLS Local Area Unemployment Statistics (LAUS) data for counties is available at <https://www.bls.gov/lau>. The LAUS data does not include the U.S. Virgin Islands. The unemployment rate for the U.S. Virgin Islands for 2024 was found at <https://www.vidol.gov/labor-statistics/>.

⁶The two NAICS codes added to the table in section 3.03(2) of Notice 2023-29 by Notice 2024-30 were considered in determining which MSAs and non-MSAs to include.

⁷The determination of whether an MSA or non-MSA has an unemployment rate at or above the national average employment rate is determined as described in § 45(b)(11)(B)(ii)(II) and section 3.03(3) of Notice 2023-29.

Definition of Terms

Revenue rulings and revenue procedures (hereinafter referred to as "rulings") that have an effect on previous rulings use the following defined terms to describe the effect:

Amplified describes a situation where no change is being made in a prior published position, but the prior position is being extended to apply to a variation of the fact situation set forth therein. Thus, if an earlier ruling held that a principle applied to A, and the new ruling holds that the same principle also applies to B, the earlier ruling is amplified. (Compare with *modified*, below).

Clarified is used in those instances where the language in a prior ruling is being made clear because the language has caused, or may cause, some confusion. It is not used where a position in a prior ruling is being changed.

Distinguished describes a situation where a ruling mentions a previously published ruling and points out an essential difference between them.

Modified is used where the substance of a previously published position is being changed. Thus, if a prior ruling held that a principle applied to A but not to B, and the

new ruling holds that it applies to both A and B, the prior ruling is modified because it corrects a published position. (Compare with *amplified* and *clarified*, above).

Obsoleted describes a previously published ruling that is not considered determinative with respect to future transactions. This term is most commonly used in a ruling that lists previously published rulings that are obsoleted because of changes in laws or regulations. A ruling may also be obsoleted because the substance has been included in regulations subsequently adopted.

Revoked describes situations where the position in the previously published ruling is not correct and the correct position is being stated in a new ruling.

Superseded describes a situation where the new ruling does nothing more than restate the substance and situation of a previously published ruling (or rulings). Thus, the term is used to republish under the 1986 Code and regulations the same position published under the 1939 Code and regulations. The term is also used when it is desired to republish in a single ruling a series of situations, names, etc., that were previously published over a period of time in separate rulings. If the

new ruling does more than restate the substance of a prior ruling, a combination of terms is used. For example, *modified* and *superseded* describes a situation where the substance of a previously published ruling is being changed in part and is continued without change in part and it is desired to restate the valid portion of the previously published ruling in a new ruling that is self contained. In this case, the previously published ruling is first modified and then, as modified, is superseded.

Supplemented is used in situations in which a list, such as a list of the names of countries, is published in a ruling and that list is expanded by adding further names in subsequent rulings. After the original ruling has been supplemented several times, a new ruling may be published that includes the list in the original ruling and the additions, and supersedes all prior rulings in the series.

Suspended is used in rare situations to show that the previous published rulings will not be applied pending some future action such as the issuance of new or amended regulations, the outcome of cases in litigation, or the outcome of a Service study.

Abbreviations

The following abbreviations in current use and formerly used will appear in material published in the Bulletin.

A—Individual.
Acq.—Acquiescence.
B—Individual.
