General Information for Forms 1095B:

Covered individuals should be listed alphabetically by their first name. Note: This constraint applies only to the AATS test environment.

Scenario 1-1 Responsible Individual 1: Hanna Winnona Martin

Hanna Winnona Martin (Social Security Number (SSN) 000000101) was covered by an individual market health insurance policy from Hidetestone. This policy also included coverage for her spouse Isaias Martin (SSN 000000102). Hanna and Isaias were covered for at least one day per month, for all 12 months of the calendar year.

Note: While it is understood that there are two correct ways to complete Part IV, in this AATS Scenario, please select the “Covered all 12 months” check box rather than entering data in each of the 12 monthly check boxes.

Hanna and Isaias reside at 4435 Chestnut Avenue, Madison, NC, 27025.

Scenario 1-2 Responsible Individual 2: Dolly Martinez

Dolly Martinez was covered by an individual market health insurance policy from Hidetestone. Dolly Martinez’s SSN was not on file; however, her birthdate is listed as 1973-02-06 (yyyy-mm-dd). This policy also included coverage for her husband, Edward

Martinez (SSN 000000120). Dolly and Edward Martinez were covered for at least one day of each month during the months of June through December inclusive.

Dolly and Edward reside at 1313 Buckthorn Lane, Washington, DC, 20026.
