Statistics of Income Program Documentation

Data Items by Forms and Schedules

2013

Preface

This document contains the Federal tax forms, schedules, and information documents that the Statistics of Income (SOI) Division of the IRS has selected for its Tax Year (TY) 2013 program. It is organized in 3 parts:

- Individual Statistics Branch studies include data related to the Form 1040 Individual income tax return series, as well as data on sales of capital assets and an extensive program that connects income tax returns with information documents filed by third parties.
- The Corporation Statistics Branch studies focus on data collected from the Form 1120 series and SOI's Partnership program.
- Special Studies Branch programs include data collected for Estate and Gift Taxes, Tax-exempt Organizations, and Tax-Exempt Bonds, as well as information collected for international filers.

Each tax form included in the SOI program is represented in this volume. Due to resource constraints, data from certain forms and schedules are collected periodically, rather than annually. For this reason, the contents of this document will vary somewhat from year to year. The information collected for each SOI project is developed in close collaboration with data users both inside and outside of the government. Most SOI programs are based on stratified samples of returns for which data are collected prior to IRS audits; therefore the data represent information as originally reported by taxpayers.

Returns for TY 2013 are filed primarily during Calendar Year 2014, although returns for fiscal-year filers or filers for whom filing extensions have been granted may not be received by the IRS until Calendar Year 2015. Consequently, data collected by SOI for TY 2013 will generally be made available to the public, in the form of tables and summary analyses, during Calendar Years 2015 and 2016.

The specific data items captured for each SOI project are indicated with a red block (■) on facsimiles of the forms and schedules. Forms and schedules that can be filed by different types of taxpayers are repeated in several sections of this document. Specific changes to the data collected for each form and schedule since the TY 2012 studies are summarized at the beginning of each section. Draft copies of tax forms, or copies of tax forms from earlier tax years, were inserted in this document if TY 2013 revisions of forms and schedules were not available at the time this document was produced.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future Developments

For the latest information about developments related to Form 5884 and its instructions, such as legislation enacted after they were published, go to www.irs.gov/form5884.

What's New

- The work opportunity credit is scheduled to expire for employees who begin work after 2013. Do not report wages paid or incurred to these employees on Form 5884 unless the credit is extended. See *Future Developments*, earlier.
- Empowerment zone designations are scheduled to expire at the end of 2013. Wages paid or incurred for services performed after 2013 by a designated community resident or summer youth employee who lives in an empowerment zone may no longer qualify for the work opportunity credit unless the designation is extended. See *Qualified Wages* for details.

Purpose of Form

Use Form 5884 to claim the work opportunity credit for qualified first- and/or second-year wages you paid to or incurred for targeted group employees during the tax year. Your business does not have to be located in an empowerment zone or rural renewal county to qualify for this credit.

You can claim or elect not to claim the work opportunity credit any time within 3 years from the due date of your return on either your original return or an amended return.

Taxpayers, other than partnerships, S corporations, cooperatives, estates, or trusts, whose only source of this credit is from those pass-through entities, are not required to complete or file this form. Instead, they can report this credit directly on Form 3800.

How To Claim the Credit

You must request and be issued a certification for each employee from the state employment security agency (SESA). The certification proves that the employee is a member of a targeted group. You must receive the certification by the day the individual begins work or complete Form 8850, Pre-Screening Notice and Certification Request for the Work Opportunity Credit, on or before the day you offer the individual a job.

Future Developments

For the latest information about developments related to Form 8936 and its instructions, such as legislation enacted after they were published, go to www.irs.gov/form8936.

What's New

The credit for certain two- or three-wheeled vehicles is scheduled to expire for vehicles acquired after 2013. Do not claim a credit for these vehicles on Form 8936 unless the credit is extended.

Purpose of Form

For tax years beginning after 2008, use Form 8936 to figure your credit for qualified plug-in electric drive motor vehicles you placed in service during your tax year. Also use Form 8936 to figure your credit for certain qualified two- or three-wheeled plug-in electric vehicles acquired after 2011 and before 2014. The credit attributable to depreciable property (vehicles used for business or investment purposes) is treated as a general business credit. Any credit not attributable to depreciable property is treated as a personal credit.

Taxpayers that are not partnerships or S corporations, and whose only source of this credit is from those pass-through entities, are not required to complete or file this form. Instead, they can report this credit directly on Form 3800.

Qualified Plug-in Electric Drive Motor Vehicle

This is a new vehicle with at least four wheels that:

- Is propelled to a significant extent by an electric motor that draws electricity from a battery that has a capacity of not less than 4 kilowatt hours and is capable of being recharged from an external source of electricity, and
- Has a gross vehicle weight of less than 14,000 pounds.

Qualified Two- or Three-Wheeled Plug-in Electric Vehicle

This is a new vehicle with two or three wheels that:

- Is capable of achieving a speed of 45 miles per hour or greater,
- Is propelled to a significant extent by an electric motor that draws electricity from a battery that has a capacity of not less than 2.5 kilowatt hours and is capable of being recharged from an external source of electricity, and
- Has a gross vehicle weight of less than 14,000 pounds.

Certification and Other Requirements

Generally, you can rely on the manufacturer's (or, in the case of a foreign manufacturer, its domestic distributor's) certification to the IRS that a specific make, model, and model year vehicle qualifies for the credit and, if applicable, the amount of the credit for which it qualifies. The manufacturer or domestic distributor should be able to provide you with a copy of the IRS letter acknowledging the certification of the vehicle.

If, however, the IRS publishes an announcement that the certification for any specific make, model, and model year vehicle has been withdrawn, you cannot rely on the certification for such a vehicle purchased after the date of publication of the withdrawal announcement.

Most brokers issue their own substitute statement instead of using Form 1099-B. They also may provide basis information (usually your cost) to you on the statement even if it is not reported to the IRS. Before you check Box A, B, or C below, determine whether you received any statement(s) and, if so, the transactions for which basis was reported to the IRS. Brokers are required to report basis to the IRS for most stock you bought in 2011 or later.

Part I **Short-Term.** Transactions involving capital assets you held one year or less are short term. For long-term transactions, see page 2.

Note. You may aggregate all short-term transactions reported on Form(s) 1099-B showing basis was reported to the IRS and for which no adjustments or codes are required. Enter the total directly on Schedule D, line 1a; you are not required to report these transactions on Form 8949 (see instructions).

You must check Box A, B, or C below. Check only one box. If more than one box applies for your short-term transactions, complete a separate Form 8949, page 1, for each applicable box. If you have more short-term transactions than will fit on this page for one or more of the boxes, complete as many forms with the same box checked as you need.

Terminable Interest (QTIP) Marital Deduction. (see instructions for Schedule A, Part 4, line 4)

If a trust (or other property) meets the requirements of qualified terminable interest property under section 2523(f), and:

- a. The trust (or other property) is listed on Schedule A, and
- b. The value of the trust (or other property) is entered in whole or in part as a deduction on Schedule A, Part 4, line 4, then the donor shall be deemed to have made an election to have such trust (or other property) treated as qualified terminable interest property under section 2523(f).

If less than the entire value of the trust (or other property) that the donor has included in Parts 1 and 3 of Schedule A is entered as a deduction on line 4, the donor shall be considered to have made an election only as to a fraction of the trust (or other property). The numerator of this fraction is equal to the amount of the trust (or other property) deducted on Schedule A, Part 4, line 6. The denominator is equal to the total value of the trust (or other property) listed in Parts 1 and 3 of Schedule A.

If you make the QTIP election, the terminable interest property involved will be included in your spouse's gross estate upon his or her death (section 2044). See instructions for line 4 of Schedule A. If your spouse disposes (by gift or otherwise) of all or part of the qualifying life income interest, he or she will be considered to have made a transfer of the entire property that is subject to the gift tax. See *Transfer of Certain Life Estates Received From Spouse* in the instructions.

Report all amounts in U.S. dollars. If it is necessary to convert from foreign currency, attach a statement explaining how the rate was determined.

Specific Instructions**Part I**

See section 907(c) and underlying regulations for rules on the income to include in Part I.

Note. Do not include any dividend or interest income that is passive income. See the Instructions for Form 1118 for the definition of passive income.

Column 1. Enter the two-letter codes (from the list at www.irs.gov/countrycodes) of all foreign countries and U.S. possessions within which income is sourced and/or to which taxes were paid, accrued, or deemed paid. For section 863(b) income, enter "863(b)" instead of a two-letter code.

Column 2. Enter gross income from sources outside the United States and its possessions from the following:

- The extraction (by the corporation or any other person) of minerals from oil or gas wells located outside the United States and its possessions.
- The sale or exchange of assets used in the trade or business of extracting minerals from oil or gas wells located outside the United States and its possessions.

See section 907(c)(1).

Column 3. Enter gross income from sources outside the United States and its possessions from the following:

- The processing of minerals extracted (by the corporation or any other person) from oil or gas wells into their primary products.
- The transportation of such minerals or primary products.
- The distribution or sale of such minerals or primary products.
- The disposition of assets used in the trade or business described in the three previous bulleted items.
- The performance of any other related service.

See section 907(c)(2).

Column 4. Enter dividends (including section 78 gross-up) from a foreign corporation on which taxes are deemed paid under section 902 only if the dividends are paid out of foreign oil and gas extraction income or foreign oil related income of the distributing corporation and are not passive income. Dividends from foreign corporations for which the corporation is not entitled to compute a deemed paid credit are passive income and are not included in Part I.

Column 5. Enter amounts taxable under section 951(a) (including section 78 gross-up) that are attributable to the controlled foreign corporation's combined foreign oil and gas income.

Column 6. Include the corporation's distributive share of partnership combined foreign oil and gas income. Also include in column 6 interest income paid by a foreign corporation on which taxes are deemed paid under section 902, to the extent it is paid out of foreign oil related income. However, do not include interest income paid by a foreign subsidiary out of foreign oil and gas extraction income of the payor, even if it is not passive income.

See section 907(c)(3).

Column 11. For each country, subtract column 10 from column 7 and enter the result in column 11. When totaling the column 11 amounts, note that a taxable loss from a foreign country offsets taxable income from other countries.

Columns 12 and 13. Attach a schedule to show how the foreign taxes paid, accrued, or deemed paid with respect to combined foreign oil and gas income were figured.

Part II

Line 1. Enter the total from Part I, column 11, minus any recapture described in section 907(c)(4).

Line 2. At the time this schedule went to print, the highest rate of tax specified under section 11(b) was 35%.

Part III

Line 2. Enter the sum of any carryover of foreign oil and gas tax to the current year. Attach a schedule showing the computation in detail. Corporations are encouraged to attach a schedule that is similar to Schedule K (Form 1118), which is used to report a running balance of the corporation's section 904(c) carryovers. If this approach is taken, the amount to be entered on line 2 is the amount that corresponds to Schedule K (Form 1118), line 3, column (xiv). Please note that special rules apply to the carryback and carryover of foreign taxes paid or accrued on combined foreign oil and gas income and related taxes. For example, in applying foreign tax carryovers from prior tax years, in the case of any tax year that is an unused credit year (as defined in section 907(f)) under each of sections 907(f) and 904(c), the provisions of section 907(f) are to be applied before section 904(c). See section 907(f) and Regulations section 1.907(f)-1 for additional information.

Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

Schedule C (Form 5713) is used to compute the loss of tax benefits attributable to participation in or cooperation with an international boycott.

Who Must File

Complete Schedule C (Form 5713) if you completed either Schedule A or Schedule B of Form 5713.

Partnerships. Each partner must complete a separate Schedule C (Form 5713). Partnerships do not complete Schedule C (Form 5713).

Controlled groups. Unless a controlled group (described in section 993(a)(3)) files a consolidated return, each member may independently choose to either **(a)** apply the international boycott factor under section 999(c)(1) or **(b)** identify specifically attributable taxes and income under section 999(c)(2). Each member must consistently use a single method to figure the loss of tax benefits.

Example. A member that chooses to use the international boycott factor must apply it to determine its loss of the section 902 indirect foreign tax credit on a dividend that another member of the controlled group paid to it, even if the other member determines its own loss of tax benefits

by identifying specifically attributable taxes and income.

Other Requirements

- A person who applies the international boycott factor to one operation must apply the factor to all that tax year's operations under section 908(a), 952(a)(3), 995(b)(1)(F)(ii), or 927(e)(2).
- A person who identifies specifically attributable taxes and income under section 999(c)(2) must use that method for all that tax year's operations under section 908(a), 952(a)(3), 995(b)(1)(F)(ii), or 927(e)(2).
- An IC-DISC whose tax year differs from the common tax year of the controlled group of which it is a member does not need to amend its return to show on Schedule J (Form 1120-IC-DISC) the amount of IC-DISC benefits lost because of boycott participation. Who Must File

Corporations that, at any time during the tax year, had assets in or operated a business in a foreign country or a U.S. possession may have to file Schedule N. If the corporation answers "Yes" to any of the questions above, attach Schedule N and the applicable forms and schedules to the corporation's income tax return.

Question 1a

Check the "Yes" box if the corporation is the "tax owner" (defined below) of a foreign disregarded entity (FDE) or it is required to file Form 5471 or Form 8865 with respect to a CFC or a CFP that is the tax owner of an FDE.

Tax owner of an FDE. The tax owner of an FDE is the person that is treated as owning the assets and liabilities of the FDE for purposes of U.S. income tax law.

A corporation that is the tax owner of an FDE is generally required to attach Form 8858 to its return. However, if the **Exception** below applies, the corporation should attach a statement (described below) in lieu of Form 8858.

General Instructions**Purpose of Form**

Use Form 1125-A to calculate and deduct cost of goods sold for certain entities.

Who Must File

Filers of Form 1120, 1120-C, 1120-F, 1120S, 1065, or 1065-B, must complete and attach Form 1125-A if the applicable entity reports a deduction for cost of goods sold.

Inventories

Generally, inventories are required at the beginning and end of each tax year if the production, purchase, or sale of merchandise is an income-producing factor. See Regulations section 1.471-1. If inventories are required, you generally must use an accrual method of accounting for sales and purchases of inventory items.

Exception for certain taxpayers. If you are a qualifying taxpayer or a qualifying small business taxpayer (defined below), you can adopt or change your accounting method to account for inventoriable items in the same manner as materials and supplies that are not incidental.

Under this accounting method, inventory costs for raw materials purchased for use in producing finished goods and merchandise purchased for resale are deductible in the year the finished goods or merchandise are sold (but not before the year you paid for the raw materials or merchandise, if you are also using the cash method).

If you account for inventoriable items in the same manner as materials and supplies that are not incidental, you can currently deduct expenditures for direct labor and all indirect costs that would otherwise be included in inventory costs. See the instructions for lines 2 and 7.

For additional guidance on this method of accounting, see Pub. 538, Accounting Periods and Methods. For guidance on adopting or changing to this method of accounting, see Form 3115, Application for Change in Accounting Method, and its instructions.

Qualifying taxpayer. A qualifying taxpayer is a taxpayer that, (a) for each prior tax year ending after December 16, 1998, has average annual gross receipts of \$1 million or less for the 3 prior tax years and (b) its business is not a tax shelter (as defined in section 448(d)(3)). See Rev. Proc. 2001-10, 2001-2 I.R.B. 272.

Qualifying small business taxpayer. A qualifying small business taxpayer is a taxpayer that, (a) for each prior tax year

ending on or after December 31, 2000, has average annual gross receipts of \$10 million or less for the 3 prior tax years, (b) whose principal business activity is not an ineligible activity, and (c) whose business is not a tax shelter (as defined in section 448(d)(3)). See Rev. Proc. 2002-28, 2002-18 I.R.B. 815.

Uniform capitalization rules. The uniform capitalization rules of section 263A generally require you to capitalize, or include in inventory, certain costs incurred in connection with the following.

- The production of real property and tangible personal property held in inventory or held for sale in the ordinary course of business.
- Real property or personal property (tangible and intangible) acquired for resale.
- The production of real property and tangible personal property by a corporation for use in its trade or business or in an activity engaged in for profit.

See the discussion on section 263A uniform capitalization rules in the instructions for your tax return before completing Form 1125-A. Also see Regulations sections 1.263A-1 through 1.263A-3. See Regulations section 1.263A-4 for rules for property produced in a farming business.

Future Developments

For the latest information about developments related to Form 5884 and its instructions, such as legislation enacted after they were published, go to www.irs.gov/form5884.

What's New

- The work opportunity credit is scheduled to expire for employees who begin work after 2013. Do not report wages paid or incurred to these employees on Form 5884 unless the credit is extended. See *Future Developments*, earlier.
- Empowerment zone designations are scheduled to expire at the end of 2013. Wages paid or incurred for services performed after 2013 by a designated community resident or summer youth employee who lives in an empowerment zone may no longer qualify for the work opportunity credit unless the designation is extended. See *Qualified Wages* for details.

Purpose of Form

Use Form 5884 to claim the work opportunity credit for qualified first- and/or second-year wages you paid to or incurred for targeted group employees during the tax year. Your business does not have to be located in an empowerment zone or rural renewal county to qualify for this credit.

You can claim or elect not to claim the work opportunity credit any time within 3 years from the due date of your return on either your original return or an amended return.

Taxpayers, other than partnerships, S corporations, cooperatives, estates, or trusts, whose only source of this credit is from those pass-through entities, are not required to complete or file this form. Instead, they can report this credit directly on Form 3800.

How To Claim the Credit

You must request and be issued a certification for each employee from the state employment security agency (SESA). The certification proves that the employee is a member of a targeted group. You must receive the certification by the day the individual begins work or complete Form 8850, Pre-Screening Notice and Certification Request for the Work Opportunity Credit, on or before the day you offer the individual a job.

What's New

- The cellulosic biofuel producer credit expired for fuel sold or used after January 2, 2013.
- The second generation biofuel producer credit is scheduled to expire for fuel sold or used after 2013.

Purpose of Form

Use Form 6478 to figure your biofuel producer credit. You claim the credit for the tax year in which the sale or use occurs. This credit consists of the:

- Cellulosic biofuel producer credit, and
- Second generation biofuel producer credit.

You may claim or elect not to claim the biofuel producer credit at any time within 3 years from the due date of your return (determined without regard to extensions) on either an original or an amended return for the tax year of the sale or use.

Taxpayers, other than partnerships, S corporations, cooperatives, estates, or trusts, whose only source of this credit is from those pass-through entities, are not required to complete or file this form. Instead, they can report this credit directly on Form 3800.

Qualified Cellulosic Biofuel Production

This is cellulosic biofuel which during the tax year:

1. Is sold by the producer to another person—

- For use by the buyer in the buyer's trade or business to produce a qualified cellulosic biofuel mixture (other than casual off-farm production),
- For use by the buyer as a fuel in a trade or business, or
- Who sells the cellulosic biofuel at retail to another person and puts the cellulosic biofuel in the retail buyer's fuel tank; or

2. Is used or sold by the producer for any purpose described in (1) above.

Qualified cellulosic biofuel production does not include purchasing alcohol and increasing the proof of the alcohol through additional distillation. Nor does it include cellulosic biofuel that is not both produced in the United States or a U.S. possession and used as a fuel in the United States or a U.S. possession.

A qualified cellulosic biofuel mixture combines cellulosic biofuel with gasoline or a special fuel. The producer of the mixture either:

- Used it as a fuel, or
- Sold it as fuel to another person.

Cellulosic Biofuel

Generally, cellulosic biofuel, for credit purposes, is any liquid fuel, which:

- Is produced from any lignocellulosic or hemicellulosic matter that is available on a renewable or recurring basis,
- Meets the registration requirements for fuels and fuel additives established by the Environmental Protection Agency under section 211 of the Clean Air Act (42 U.S.C. 7545), and

Future Developments

For the latest information about developments related to Form 6765 and its instructions, such as legislation enacted after this form and instructions were published, go to www.irs.gov/form6765.

Purpose of Form

Use Form 6765 to figure and claim the credit for increasing research activities or to elect the reduced credit under section 280C.

Who Must File

An individual, estate, trust, organization, or corporation claiming a credit for increasing research activities; or any S corporation, partnership, estate, or trust that allocates the credit to its shareholders, partners, or beneficiaries must complete this form and attach it to its income tax return. If you are a taxpayer that is not a partnership or S corporation, and your only source of this credit is from a partnership, S corporation, estate, or trust, you are not required to complete or file this form, with the following exception: you are a taxpayer that is an estate or trust and the credit can be allocated to beneficiaries. For more details, see the Instructions for Form 1041, Schedule K-1, box 13.

Note. Corporations filing an amended return to claim a credit or refund of the research credit, see Notice 2008-39, I.R.B. 2008-13 684, available at www.irs.gov/irb/2008-13_IRB/index.html for information on where to file.

Qualified Research

The research credit is generally allowed for expenses paid or incurred for qualified research. *Qualified research* means research for which expenses may be treated as section 174 expenses. This research must be undertaken for discovering information that is technological in nature, and its application must be intended for use in developing a new or improved business component of the taxpayer. In addition, substantially all of the activities of the research must be elements of a process of experimentation relating to a new or improved function, performance, reliability, or quality. All of the research activities must be applied separately with respect to each business component of the taxpayer. The research credit generally is not allowed for the following types of activities.

- Research conducted after the beginning of commercial production.
- Research adapting an existing product or process to a particular customer's need.
- Duplication of an existing product or process.
- Surveys or studies.
- Research relating to certain internal-use computer software.
- Research conducted outside the United States, Puerto Rico, or a U.S. possession.
- Research in the social sciences, arts, or humanities.
- Research funded by another person (or governmental entity).

If you incur qualified clinical testing expenses relating to drugs for certain rare diseases, you can elect to claim the orphan drug credit for these expenses instead of the research credit. See Form 8820, Orphan Drug Credit.

See section 41 and Regulations sections 1.41-2 and 1.41-4 for other definitions and special rules.

Special Rules

See section 41(f) and Regulations sections 1.41-6 (except section 1.41-6(c) and parts of section 1.41-6(e) do not apply; see Notice 2013-20, I.R.B. 2013-15, available at www.irs.gov/irb/2013-15_IRB/index.html, for details) and 1.41-7 for special rules related to:

- Aggregation of expenses for members of controlled groups and businesses under common control;
- Allocation of the credit by partnerships, estates, and trusts;
- Adjustments, if a major portion of a business is acquired or disposed of; and
- Short tax years.

For special rules concerning the allocation and apportionment of research and experimental expenses between U.S. and foreign source income, see sections 861 through 864.

Member of Controlled Group or Business Under Common Control

For purposes of figuring the credit, all members of a controlled group of corporations (as defined in section 41(f)(1)(A) and (f)(5)) and all members of a group of businesses under common control (as defined in section 41(f)(1)(B)), are treated as a single taxpayer. Use Section A or B to figure the credit for the entire group. As a member, your credit is determined on a proportionate basis to your share of the aggregate qualified research expenses for increasing research activities taken into account by the group for the research credit. Enter your share of the credit on line 17 or line 34, whichever applies. Attach a statement showing how your share of the credit was figured, the name and employer identification number or taxpayer identification number of the other members of the group, and the designated member. Write "See Attached" next to the entry space for line 17 or line 34.

Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

Corporations use Form 8827 to figure the minimum tax credit, if any, for AMT incurred in prior tax years and to figure any minimum tax credit carryforward.

Who Should File

Form 8827 should be filed by corporations that had:

- An AMT liability in 2012,
- A minimum tax credit carryforward from 2012 to 2013, or
- A qualified electric vehicle credit not allowed for 2012 (see the instructions for line 3).

Line 3

Enter any qualified electric vehicle credit not allowed for 2012 solely because of tentative minimum tax limitations.

Line 5

Enter the corporation's 2013 regular income tax liability (as defined in section 26(b)) minus any credits allowed under Chapter 1, Subchapter A, Part IV, subparts B, D, E, and F of the Internal Revenue

Code (for example, if you are filing Form 1120, subtract any credits on Schedule J, Part I, line 5a, through 5c, from the amount on Schedule J, Part I, line 2).

Line 6

See the 2013 Instructions for Form 4626 to find out if the corporation is treated as a "small corporation" exempt from the AMT for 2013. If the corporation is a "small corporation" exempt from the AMT, see section 38(c)(5) before completing line 6 for special rules that apply to controlled corporate groups, regulated investment companies, and real estate investment trusts.

Line 7b

Round 2 extension property. If the corporation made an election under section 168(k)(4) to claim pre-2006 unused minimum tax credits in lieu of claiming the special depreciation allowance for certain property for either its first tax year ending after March 31, 2008, its first tax year ending after December 31, 2008, or its first tax year ending after December 31, 2010, the elections continue to apply to round 2 extension property (as defined in section 168(k)(4)(I)), unless the corporation made an election not to apply the section 168(k)(4) election to round 2 extension property for its first tax year ending after December 31, 2010.

For 2013, round 2 extension property generally is long production period property and noncommercial aircraft if acquired after March 31, 2008, and placed in service after December 31, 2011, and before January 1, 2014.

Once made, the elections cannot be revoked without IRS consent.

Round 3 extension property. If the corporation made an election to claim pre-2006 unused minimum tax credits in lieu of claiming the special depreciation allowance for certain qualified property for either its first tax year ending after March 31, 2008, its first tax year ending after December 31, 2008, or its first tax year ending after December 31, 2010, the election continues to apply to round 3 extension property (as defined in section 168(k)(4)(J)), unless the corporation makes an election not to apply the section 168(k)(4) election to round 3 extension property.

Purpose of Form

Employers of American Indians who are qualified employees use Form 8845 to claim the Indian employment credit.

Taxpayers that are not partnerships, S corporations, cooperatives, estates, or trusts, and whose only source of this credit is from those pass-through entities, are not required to complete or file this form. Instead, they can report this credit directly on line 1g of Form 3800.

Definitions

Qualified wages means any wages paid or incurred by an employer for services performed by an employee while such employee is a qualified employee (see below). It does not include wages attributable to services rendered during the 1-year period beginning with the day the employee starts work for the employer if any portion of such wages is used in figuring the work opportunity credit on Form 5884. Wages has the same meaning given in section 51.

Qualified employee health insurance costs means any amount paid or incurred by an employer for health insurance coverage for an employee while the employee is a qualified employee. Do not include amounts paid or incurred for health insurance under a salary reduction agreement.

Qualified employee means, for any tax period, any employee who meets all three of the following tests.

1. The employee is an enrolled member, or the spouse of an enrolled member, of an Indian tribe. Each tribe determines who qualifies for enrollment and what documentation, if any, is issued as proof of enrollment status. Examples of appropriate documentation will vary from one tribe to another and may include a tribal membership card, Certified Degree of Indian Blood (CDIB) card, or letter from the tribe or tribal enrollment office. Employers should retain a copy of the proof of enrollment status provided by the employee.

2. Substantially all the services performed by the employee for the employer are performed within an Indian reservation (defined below).

3. The employee's principal residence while performing such services is on or near the reservation where the services are performed.

However, the employee shall be treated as a qualified employee for any tax year only if more than 50% of the wages paid or incurred by the employer to the employee during the tax year are for services performed in the employer's trade or business. Each member of a controlled group must meet this requirement independently. Also, see the instructions for lines 1 and 2.

The following are not qualified employees.

- Any individual who bears any of the relationships described in sections 152(d)(2)(A) through 152(d)(2)(G) to, or is a dependent described in section 152(d)(2)(H) of, the employer.
- If the employer is a corporation, any individual who bears any of the relationships described in sections 152(d)(2)(A) through 152(d)(2)(G) to, or is a dependent described in section 152(d)(2)(H) of, an individual who owns (or is considered to own under section 267(c)) more than 50% in value of the outstanding stock of the corporation.
- If the employer is an estate or trust, any individual who is a grantor, beneficiary, or fiduciary of the estate or trust (or a dependent, as described in section 152(d)(2)(H), of that individual), or any individual who is a relative, as described in sections 152(d)(2)(A) through 152(d)(2)(G), of the grantor, beneficiary, or fiduciary of the estate or trust.
- If the employer is other than a corporation, estate, or trust, any individual who owns directly or indirectly more than 50% of the capital and profits interest, including constructive ownership, in the entity.
- If the employer is a corporation, any person who owns (or is considered to own under section 318) more than 5% of the outstanding or voting stock of the employer or, if not a corporate employer, more than 5% of the capital or profits interest in the employer.
- Any individual who performs services involving the conduct of Class I, II, or III gaming, as defined in section 4 of the Indian Gaming Regulatory Act, and any individual performing any services in a building housing such gaming activity.

Indian tribe means any Indian tribe, band, nation, pueblo, or other organized group or community, including any Alaska Native village or regional or village corporation, as defined in, or established under, the Alaska Native Claims Settlement Act, that is recognized as eligible for the special programs and services provided by the United States to Indians because of their status as Indians. See the Federal Register dated October 1, 2010 (75 FR 60810), for the most recent listing of federally recognized Indian tribes.

Indian reservation means a reservation as defined in section 3(d) of the Indian Financing Act of 1974 or section 4(10) of the Indian Child Welfare Act of 1978.

Early Termination of Employee

Generally, if the employer terminates a qualified employee less than 1 year after the date of initial employment, the following rules apply.

- No wages or qualified employee health insurance costs may be taken into account for the tax year the employment is terminated.
- Any credits allowed for prior tax years by reason of wages paid or incurred to that employee must be recaptured. Include the recapture amount on the line for recapture taxes on your income tax return. Also, any carryback or carryover of the credit must be adjusted.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

Employers use Form 8882 to claim the credit for qualified childcare facility and resource and referral expenditures. The credit is part of the general business credit. You may claim the credit any time within 3 years from the due date of your return on either an original or amended return.

Taxpayers, other than partnerships, S corporations, estates, or trusts, whose only source of this credit is from those pass-through entities, are not required to complete or file this form. Instead, they can report this credit directly on Form 3800.

How To Figure the Credit

The credit is 25% of the qualified childcare facility expenditures plus 10% of the qualified childcare resource and referral expenditures paid or incurred during the tax year. The credit is limited to \$150,000 per tax year.

Qualified childcare expenditures are amounts paid or incurred:

- To acquire, construct, rehabilitate, or expand property that:
 1. Is to be used as part of a qualified childcare facility of the taxpayer,
 2. Is depreciable (or amortizable) property, and
 3. Is not part of the principal residence of the taxpayer or any employee of the taxpayer;
- For the operating expenses of a qualified childcare facility of the taxpayer, including expenses for training of employees, scholarship programs, and providing

increased compensation to employees with higher levels of childcare training; or

- Under a contract with a qualified childcare facility to provide childcare services to employees of the taxpayer.

Note. Any expenses for childcare included in qualified childcare facility expenditures may not exceed the fair market value of such care.

A *qualified childcare facility* is a facility that meets the requirements of all applicable laws and regulations of the state or local government in which it is located, including the licensing of the facility as a childcare facility. The following conditions must also be met.

- The principal use of the facility must be to provide childcare (unless the facility is also the personal residence of the person operating the facility).
- Enrollment in the facility must be open to employees of the taxpayer during the tax year.
- If the facility is the principal trade or business of the taxpayer, at least 30% of the enrollees of the facility must be dependents of employees of the taxpayer.
- The use of the facility (or the eligibility to use the facility) must not discriminate in favor of highly compensated employees.

Qualified childcare resource and referral expenditures are amounts paid or incurred under a contract to provide childcare resource and referral services to employees of the taxpayer. The provision of the services (or the eligibility to use the services) must not discriminate in favor of highly compensated employees.

Future Developments

For the latest information about developments related to Form 8896 and its instructions, such as legislation enacted after they were published, go to www.irs.gov/form8896.

Purpose of Form

Use Form 8896 to claim the low sulfur diesel fuel production credit.

The credit generally is 5 cents for every gallon of low sulfur diesel fuel produced by a qualified small business refiner during the tax year. However, the total credits allowed for all tax years cannot be more than the refiner's qualified costs limitation on line 3. This credit is part of the general business credit.

Taxpayers that are not partnerships, S corporations, or cooperatives, and whose only source of this credit is from those pass-through entities, are not required to complete or file this form. Instead, they can report this credit directly on Form 3800.

Definitions

Low Sulfur Diesel Fuel

This is diesel fuel with a sulfur content of 15 parts per million or less.

Small Business Refiner

A small business refiner generally is a refiner of crude oil with an average daily domestic refinery run or average retained production for all facilities that did not exceed 205,000 barrels for the 1-year period ending on December 31, 2002. To figure the average daily domestic refinery run or retained production, only include refineries that were refineries of the refiner or a related person (within the meaning of section 613A(d)(3)) on April 1, 2003. However, a refiner is not a small business refiner for a tax year if more than 1,500 individuals are engaged in the refinery operations of the business on any day during the tax year.

Qualified Costs

For each facility, qualified costs are costs paid or incurred to comply with the highway diesel fuel sulfur control requirements of the Environmental Protection Agency (EPA) during the period beginning January 1, 2003, and ending on the earlier of:

- The date 1 year after the date on which the refiner must comply with these EPA requirements with respect to such facility or

- December 31, 2009.

Qualified costs include costs for the construction of new process operation units or the dismantling and reconstruction of existing process units to be used in the production of low sulfur diesel fuel, associated adjacent or offsite equipment (including tankage, catalyst, and power supply), engineering, construction period interest, and site work.

In addition, the small business refiner must obtain certification from the IRS (which will consult with the EPA) that the taxpayer's qualified costs will result in compliance with the applicable EPA regulations. This certification must be obtained not later than June 29, 2008, or, if later, the date that is 30 months after the first day of the first tax year in which the credit is determined. For details, see Rev. Proc. 2007-69, 2007-49 I.R.B. 1137, available at www.irs.gov/irb/2007-49_IRB/ar14.html.

Unless you elect not to take this credit, your deductions will be reduced by the amount of your credit. For details, see section 280C(d).

Additional Information

For more information, see section 45H.

Specific Instructions

Use lines 1 through 6 to figure any low sulfur diesel fuel production credit from your own trade or business.

Line 1

Enter the number of gallons of diesel fuel produced with a sulfur content of 15 parts per million or less.

Line 3

On line 3, enter 25% of the qualified costs (defined earlier) for the facility that produced the fuel reported on line 1 if your average daily domestic refinery runs were not more than 155,000 barrels for the 1-year period ending on December 31, 2002. If your average daily domestic refinery runs were more than 155,000 barrels, the 25% is reduced (but not below zero) by multiplying it by 1 minus your excess over 155,000 barrels divided by 50,000 barrels.

Definitions

Employer-owned life insurance

contract. For purposes of Form 8925, an insurance contract is an employer-owned life insurance contract if it is owned by a policyholder as defined below, and covers the life of the policyholder's employee(s) on the date the life insurance contract is issued. If you have master contracts, see section 101(j)(3) for additional information.

Policyholder. For purposes of Form 8925 and these instructions, a policyholder is an "applicable policyholder" as defined in section 101(j)(3)(B). Generally, a policyholder is the person who owns the employer-owned life insurance contract, and who is (a) engaged in a trade or business

that employs the person insured under the employer-owned life insurance contract and (b) the direct or indirect beneficiary of the employer-owned life insurance contract.

Related person. A related person is considered a policyholder if that person is (a) related to the policyholder (defined earlier) under sections 267(b) or 707(b) (1), or (b) engaged in a trade or business under common control with the policyholder. See sections 52(a) and (b).

Employee. Employee includes an officer, director, or highly compensated employee under section 414(q).

Insured. An individual must be a U.S. citizen or resident to be considered insured under an employer-owned life insurance contract. Both individuals covered by a contract covering the joint lives of two individuals are considered insured.

Notice and consent requirements. To qualify as an employer-owned life insurance contract, the policyholder must meet the notice and consent requirements listed below before the issuance of the contract.

1. Provide written notification to the employee stating the policyholder intends to insure the employee's life and the maximum face amount for which the employee could be insured at the time the contract was issued.

The written notification must include a disclosure of the face amount of life insurance, either in dollars or as a multiple of salary, that the policyholder

reasonably expects to purchase with regard to the employee during the course of the employee's tenure. Additional notice and consent are required if the aggregate face amount of the employer-owned life insurance contracts with regard to an employee exceeds the amount of which the employee was given notice and to which the employee consented. See Q&A-9 and Q&A-12 in Notice 2009-48.

2. Provide written notification to the employee that the policyholder will be a beneficiary of any proceeds payable upon the death of the employee.

3. Receive written consent from the employee. See *Valid consent* under the instructions for line 4a.

Electronic notification and consent.

The written notification and consent requirement can be met electronically only if the system for electronic notification and consent meets requirements 1 through 3, above. See Q&A-11 in Notice 2009-48 for more information.

Issue date of contract. Generally, the issue date of a life insurance contract is the date on the policy assigned by the insurance company on or after the date of application. For purposes of meeting the notice and consent requirements, the issue date of the employer-owned life insurance contract is the later of (1) the date of application of coverage, (2) the effective date of coverage, or (3) the formal issuance of the contract. See Q&A-4 in Notice 2009-48 for more information.

Future Developments

For the latest information about developments related to Form 8936 and its instructions, such as legislation enacted after they were published, go to www.irs.gov/form8936.

What's New

The credit for certain two- or three-wheeled vehicles is scheduled to expire for vehicles acquired after 2013. Do not claim a credit for these vehicles on Form 8936 unless the credit is extended.

Purpose of Form

For tax years beginning after 2008, use Form 8936 to figure your credit for qualified plug-in electric drive motor vehicles you placed in service during your tax year. Also use Form 8936 to figure your credit for certain qualified two- or three-wheeled plug-in electric vehicles acquired after 2011 and before 2014. The credit attributable to depreciable property (vehicles used for business or investment purposes) is treated as a general business credit. Any credit not attributable to depreciable property is treated as a personal credit.

Taxpayers that are not partnerships or S corporations, and whose only source of this credit is from those pass-through entities, are not required to complete or file this form. Instead, they can report this credit directly on Form 3800.

Qualified Plug-in Electric Drive Motor Vehicle

This is a new vehicle with at least four wheels that:

- Is propelled to a significant extent by an electric motor that draws electricity from a battery that has a capacity of not less than 4 kilowatt hours and is capable of being recharged from an external source of electricity, and
- Has a gross vehicle weight of less than 14,000 pounds.

Qualified Two- or Three-Wheeled Plug-in Electric Vehicle

This is a new vehicle with two or three wheels that:

- Is capable of achieving a speed of 45 miles per hour or greater,
- Is propelled to a significant extent by an electric motor that draws electricity from a battery that has a capacity of not less than 2.5 kilowatt hours and is capable of being recharged from an external source of electricity, and
- Has a gross vehicle weight of less than 14,000 pounds.

Certification and Other Requirements

Generally, you can rely on the manufacturer's (or, in the case of a foreign manufacturer, its domestic distributor's) certification to the IRS that a specific make, model, and model year vehicle qualifies for the credit and, if applicable, the amount of the credit for which it qualifies. The manufacturer or domestic distributor should be able to provide you with a copy of the IRS letter acknowledging the certification of the vehicle.

If, however, the IRS publishes an announcement that the certification for any specific make, model, and model year vehicle has been withdrawn, you cannot rely on the certification for such a vehicle purchased after the date of publication of the withdrawal announcement.

General Instructions**Purpose of Form**

Who Must File

Filers of Form 1120, 1120-C, 1120-F, 1120S, 1065, or 1065-B, must complete and attach Form 1125-A if the applicable entity reports a deduction for cost of goods sold.

Inventories

Generally, inventories are required at the beginning and end of each tax year if the production, purchase, or sale of merchandise is an income-producing factor. See Regulations section 1.471-1. If inventories are required, you generally must use an accrual method of accounting for sales and purchases of inventory items.

Exception for certain taxpayers. If you are a qualifying taxpayer or a qualifying small business taxpayer (defined below), you can adopt or change your accounting method to account for inventoriable items in the same manner as materials and supplies that are not incidental.

Under this accounting method, inventory costs for raw materials purchased for use in producing finished goods and merchandise purchased for resale are deductible in the year the finished goods or merchandise are sold (but not before the year you paid for the raw materials or merchandise, if you are also using the cash method).

If you account for inventoriable items in the same manner as materials and supplies that are not incidental, you can currently deduct expenditures for direct labor and all indirect costs that would otherwise be included in inventory costs. See the instructions for lines 2 and 7.

For additional guidance on this method of accounting, see Pub. 538, Accounting Periods and Methods. For guidance on adopting or changing to this method of accounting, see Form 3115, Application for Change in Accounting Method, and its instructions.

Qualifying taxpayer. A qualifying taxpayer is a taxpayer that, (a) for each prior tax year ending after December 16, 1998, has average annual gross receipts of \$1 million or less for the 3 prior tax years and (b) its business is not a tax shelter (as defined in section 448(d)(3)). See Rev. Proc. 2001-10, 2001-2 I.R.B. 272.

Qualifying small business taxpayer. A qualifying small business taxpayer is a taxpayer that, (a) for each prior tax year

ending on or after December 31, 2000, has average annual gross receipts of \$10 million or less for the 3 prior tax years, (b) whose principal business activity is not an ineligible activity, and (c) whose business is not a tax shelter (as defined in section 448(d)(3)). See Rev. Proc. 2002-28, 2002-18 I.R.B. 815.

Uniform capitalization rules. The uniform capitalization rules of section 263A generally require you to capitalize, or include in inventory, certain costs incurred in connection with the following.

- The production of real property and tangible personal property held in inventory or held for sale in the ordinary course of business.
- Real property or personal property (tangible and intangible) acquired for resale.
- The production of real property and tangible personal property by a corporation for use in its trade or business or in an activity engaged in for profit.

See the discussion on section 263A uniform capitalization rules in the instructions for your tax return before completing Form 1125-A. Also see Regulations sections 1.263A-1 through 1.263A-3. See Regulations section 1.263A-4 for rules for property produced in a farming business.

Future Developments

For the latest information about developments related to Form 5884 and its instructions, such as legislation enacted after they were published, go to www.irs.gov/form5884.

What's New

- The work opportunity credit is scheduled to expire for employees who begin work after 2013. Do not report wages paid or incurred to these employees on Form 5884 unless the credit is extended. See *Future Developments*, earlier.
- Empowerment zone designations are scheduled to expire at the end of 2013. Wages paid or incurred for services performed after 2013 by a designated community resident or summer youth employee who lives in an empowerment zone may no longer qualify for the work opportunity credit unless the designation is extended. See *Qualified Wages* for details.

Purpose of Form

Use Form 5884 to claim the work opportunity credit for qualified first- and/or second-year wages you paid to or incurred for targeted group employees during the tax year. Your business does not have to be located in an empowerment zone or rural renewal county to qualify for this credit.

You can claim or elect not to claim the work opportunity credit any time within 3 years from the due date of your return on either your original return or an amended return.

Taxpayers, other than partnerships, S corporations, cooperatives, estates, or trusts, whose only source of this credit is from those pass-through entities, are not required to complete or file this form. Instead, they can report this credit directly on Form 3800.

How To Claim the Credit

You must request and be issued a certification for each employee from the state employment security agency (SESA). The certification proves that the employee is a member of a targeted group. You must receive the certification by the day the individual begins work or complete Form 8850, Pre-Screening Notice and Certification Request for the Work Opportunity Credit, on or before the day you offer the individual a job.

Future Developments

For the latest information about developments related to Form 6765 and its instructions, such as legislation enacted after this form and instructions were published, go to www.irs.gov/form6765.

Purpose of Form

Use Form 6765 to figure and claim the credit for increasing research activities or to elect the reduced credit under section 280C.

Who Must File

An individual, estate, trust, organization, or corporation claiming a credit for increasing research activities; or any S corporation, partnership, estate, or trust that allocates the credit to its shareholders, partners, or beneficiaries must complete this form and attach it to its income tax return. If you are a taxpayer that is not a partnership or S corporation, and your only source of this credit is from a partnership, S corporation, estate, or trust, you are not required to complete or file this form, with the following exception: you are a taxpayer that is an estate or trust and the credit can be allocated to beneficiaries. For more details, see the Instructions for Form 1041, Schedule K-1, box 13.

Note. Corporations filing an amended return to claim a credit or refund of the research credit, see Notice 2008-39, I.R.B. 2008-13 684, available at www.irs.gov/irb/2008-13_IRB/index.html for information on where to file.

Qualified Research

The research credit is generally allowed for expenses paid or incurred for qualified research. *Qualified research* means research for which expenses may be treated as section 174 expenses. This research must be undertaken for discovering information that is technological in nature, and its application must be intended for use in developing a new or improved business component of the taxpayer. In addition, substantially all of the activities of the research must be elements of a process of experimentation relating to a new or improved function, performance, reliability, or quality. All of the research activities must be applied separately with respect to each business component of the taxpayer. The research credit generally is not allowed for the following types of activities.

- Research conducted after the beginning of commercial production.
- Research adapting an existing product or process to a particular customer's need.
- Duplication of an existing product or process.
- Surveys or studies.
- Research relating to certain internal-use computer software.
- Research conducted outside the United States, Puerto Rico, or a U.S. possession.
- Research in the social sciences, arts, or humanities.
- Research funded by another person (or governmental entity).

If you incur qualified clinical testing expenses relating to drugs for certain rare diseases, you can elect to claim the orphan drug credit for these expenses instead of the research credit. See Form 8820, Orphan Drug Credit.

See section 41 and Regulations sections 1.41-2 and 1.41-4 for other definitions and special rules.

Special Rules

See section 41(f) and Regulations sections 1.41-6 (except section 1.41-6(c) and parts of section 1.41-6(e) do not apply; see Notice 2013-20, I.R.B. 2013-15, available at www.irs.gov/irb/2013-15_IRB/index.html, for details) and 1.41-7 for special rules related to:

- Aggregation of expenses for members of controlled groups and businesses under common control;
- Allocation of the credit by partnerships, estates, and trusts;
- Adjustments, if a major portion of a business is acquired or disposed of; and
- Short tax years.

For special rules concerning the allocation and apportionment of research and experimental expenses between U.S. and foreign source income, see sections 861 through 864.

Member of Controlled Group or Business Under Common Control

For purposes of figuring the credit, all members of a controlled group of corporations (as defined in section 41(f)(1)(A) and (f)(5)) and all members of a group of businesses under common control (as defined in section 41(f)(1)(B)), are treated as a single taxpayer. Use Section A or B to figure the credit for the entire group. As a member, your credit is determined on a proportionate basis to your share of the aggregate qualified research expenses for increasing research activities taken into account by the group for the research credit. Enter your share of the credit on line 17 or line 34, whichever applies. Attach a statement showing how your share of the credit was figured, the name and employer identification number or taxpayer identification number of the other members of the group, and the designated member. Write "See Attached" next to the entry space for line 17 or line 34.

Definitions

Qualified wages means any wages paid or incurred by an employer for services performed by an employee while such employee is a qualified employee (see below). It does not include wages attributable to services rendered during the 1-year period beginning with the day the employee starts work for the employer if any portion of such wages is used in figuring the work opportunity credit on Form 5884. Wages has the same meaning given in section 51.

Qualified employee health insurance costs means any amount paid or incurred by an employer for health insurance coverage for an employee while the employee is a qualified employee. Do not include amounts paid or incurred for health insurance under a salary reduction agreement.

Qualified employee means, for any tax period, any employee who meets all three of the following tests.

1. The employee is an enrolled member, or the spouse of an enrolled member, of an Indian tribe. Each tribe determines who qualifies for enrollment and what documentation, if any, is issued as proof of enrollment status. Examples of appropriate documentation will vary from one tribe to another and may include a tribal membership card, Certified Degree of Indian Blood (CDIB) card, or letter from the tribe or tribal enrollment office. Employers should retain a copy of the proof of enrollment status provided by the employee.

2. Substantially all the services performed by the employee for the employer are performed within an Indian reservation (defined below).

3. The employee's principal residence while performing such services is on or near the reservation where the services are performed.

However, the employee shall be treated as a qualified employee for any tax year only if more than 50% of the wages paid or incurred by the employer to the employee during the tax year are for services performed in the employer's trade or business. Each member of a controlled group must meet this requirement independently. Also, see the instructions for lines 1 and 2.

The following are not qualified employees.

- Any individual who bears any of the relationships described in sections 152(d)(2)(A) through 152(d)(2)(G) to, or is a dependent described in section 152(d)(2)(H) of, the employer.
- If the employer is a corporation, any individual who bears any of the relationships described in sections 152(d)(2)(A) through 152(d)(2)(G) to, or is a dependent described in section 152(d)(2)(H) of, an individual who owns (or is considered to own under section 267(c)) more than 50% in value of the outstanding stock of the corporation.
- If the employer is an estate or trust, any individual who is a grantor, beneficiary, or fiduciary of the estate or trust (or a dependent, as described in section 152(d)(2)(H), of that individual), or any individual who is a relative, as described in sections 152(d)(2)(A) through 152(d)(2)(G), of the grantor, beneficiary, or fiduciary of the estate or trust.
- If the employer is other than a corporation, estate, or trust, any individual who owns directly or indirectly more than 50% of the capital and profits interest, including constructive ownership, in the entity.
- If the employer is a corporation, any person who owns (or is considered to own under section 318) more than 5% of the outstanding or voting stock of the employer or, if not a corporate employer, more than 5% of the capital or profits interest in the employer.
- Any individual who performs services involving the conduct of Class I, II, or III gaming, as defined in section 4 of the Indian Gaming Regulatory Act, and any individual performing any services in a building housing such gaming activity.

Indian tribe means any Indian tribe, band, nation, pueblo, or other organized group or community, including any Alaska Native village or regional or village corporation, as defined in, or established under, the Alaska Native Claims Settlement Act, that is recognized as eligible for the special programs and services provided by the United States to Indians because of their status as Indians. See the Federal Register dated October 1, 2010 (75 FR 60810), for the most recent listing of federally recognized Indian tribes.

Indian reservation means a reservation as defined in section 3(d) of the Indian Financing Act of 1974 or section 4(10) of the Indian Child Welfare Act of 1978.

Early Termination of Employee

Generally, if the employer terminates a qualified employee less than 1 year after the date of initial employment, the following rules apply.

- No wages or qualified employee health insurance costs may be taken into account for the tax year the employment is terminated.
- Any credits allowed for prior tax years by reason of wages paid or incurred to that employee must be recaptured. Include the recapture amount on the line for recapture taxes on your income tax return. Also, any carryback or carryover of the credit must be adjusted.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

Employers use Form 8882 to claim the credit for qualified childcare facility and resource and referral expenditures. The credit is part of the general business credit. You may claim the credit any time within 3 years from the due date of your return on either an original or amended return.

Taxpayers, other than partnerships, S corporations, estates, or trusts, whose only source of this credit is from those pass-through entities, are not required to complete or file this form. Instead, they can report this credit directly on Form 3800.

How To Figure the Credit

The credit is 25% of the qualified childcare facility expenditures plus 10% of the qualified childcare resource and referral expenditures paid or incurred during the tax year. The credit is limited to \$150,000 per tax year.

Qualified childcare expenditures are amounts paid or incurred:

- To acquire, construct, rehabilitate, or expand property that:
 1. Is to be used as part of a qualified childcare facility of the taxpayer,
 2. Is depreciable (or amortizable) property, and
 3. Is not part of the principal residence of the taxpayer or any employee of the taxpayer;
- For the operating expenses of a qualified childcare facility of the taxpayer, including expenses for training of employees, scholarship programs, and providing

increased compensation to employees with higher levels of childcare training; or

- Under a contract with a qualified childcare facility to provide childcare services to employees of the taxpayer.

Note. Any expenses for childcare included in qualified childcare facility expenditures may not exceed the fair market value of such care.

A *qualified childcare facility* is a facility that meets the requirements of all applicable laws and regulations of the state or local government in which it is located, including the licensing of the facility as a childcare facility. The following conditions must also be met.

- The principal use of the facility must be to provide childcare (unless the facility is also the personal residence of the person operating the facility).
- Enrollment in the facility must be open to employees of the taxpayer during the tax year.
- If the facility is the principal trade or business of the taxpayer, at least 30% of the enrollees of the facility must be dependents of employees of the taxpayer.
- The use of the facility (or the eligibility to use the facility) must not discriminate in favor of highly compensated employees.

Qualified childcare resource and referral expenditures are amounts paid or incurred under a contract to provide childcare resource and referral services to employees of the taxpayer. The provision of the services (or the eligibility to use the services) must not discriminate in favor of highly compensated employees.

Purpose of Form

The credit generally is 5 cents for every gallon of low sulfur diesel fuel produced by a qualified small business refiner during the tax year. However, the total credits allowed for all tax years cannot be more than the refiner's qualified costs limitation on line 3. This credit is part of the general business credit.

Taxpayers that are not partnerships, S corporations, or cooperatives, and whose only source of this credit is from those pass-through entities, are not required to complete or file this form. Instead, they can report this credit directly on Form 3800.

Definitions

Low Sulfur Diesel Fuel

This is diesel fuel with a sulfur content of 15 parts per million or less.

Small Business Refiner

A small business refiner generally is a refiner of crude oil with an average daily domestic refinery run or average retained production for all facilities that did not exceed 205,000 barrels for the 1-year period ending on December 31, 2002. To figure the average daily domestic refinery run or retained production, only include refineries that were refineries of the refiner or a related person (within the meaning of section 613A(d)(3)) on April 1, 2003. However, a refiner is not a small business refiner for a tax year if more than 1,500 individuals are engaged in the refinery operations of the business on any day during the tax year.

Qualified Costs

For each facility, qualified costs are costs paid or incurred to comply with the highway diesel fuel sulfur control requirements of the Environmental Protection Agency (EPA) during the period beginning January 1, 2003, and ending on the earlier of:

- The date 1 year after the date on which the refiner must comply with these EPA requirements with respect to such facility or

- December 31, 2009.

Qualified costs include costs for the construction of new process operation units or the dismantling and reconstruction of existing process units to be used in the production of low sulfur diesel fuel, associated adjacent or offsite equipment (including tankage, catalyst, and power supply), engineering, construction period interest, and site work.

In addition, the small business refiner must obtain certification from the IRS (which will consult with the EPA) that the taxpayer's qualified costs will result in compliance with the applicable EPA regulations. This certification must be obtained not later than June 29, 2008, or, if later, the date that is 30 months after the first day of the first tax year in which the credit is determined. For details, see Rev. Proc. 2007-69, 2007-49 I.R.B. 1137, available at www.irs.gov/irb/2007-49_IRB/ar14.html.

Unless you elect not to take this credit, your deductions will be reduced by the amount of your credit. For details, see section 280C(d).

Additional Information

For more information, see section 45H.

Specific Instructions

Use lines 1 through 6 to figure any low sulfur diesel fuel production credit from your own trade or business.

Line 1

Enter the number of gallons of diesel fuel produced with a sulfur content of 15 parts per million or less.

Line 3

On line 3, enter 25% of the qualified costs (defined earlier) for the facility that produced the fuel reported on line 1 if your average daily domestic refinery runs were not more than 155,000 barrels for the 1-year period ending on December 31, 2002. If your average daily domestic refinery runs were more than 155,000 barrels, the 25% is reduced (but not below zero) by multiplying it by 1 minus your excess over 155,000 barrels divided by 50,000 barrels.

Policyholders must also indicate whether a valid consent has been received from each covered employee, and the number of covered employees for which a valid consent has not been received.

See sections 101(j) and 6039I, and Notice 2009-48, 2009-24 I.R.B. 1085, for more information.

Definitions

Employer-owned life insurance contract. For purposes of Form 8925, an insurance contract is an employer-owned life insurance contract if it is owned by a policyholder as defined below, and covers the life of the policyholder's employee(s) on the date the life insurance contract is issued. If you have master contracts, see section 101(j)(3) for additional information.

Policyholder. For purposes of Form 8925 and these instructions, a policyholder is an "applicable policyholder" as defined in section 101(j)(3)(B). Generally, a policyholder is the person who owns the employer-owned life insurance contract, and who is (a) engaged in a trade or business

that employs the person insured under the employer-owned life insurance contract and (b) the direct or indirect beneficiary of the employer-owned life insurance contract.

Related person. A related person is considered a policyholder if that person is (a) related to the policyholder (defined earlier) under sections 267(b) or 707(b) (1), or (b) engaged in a trade or business under common control with the policyholder. See sections 52(a) and (b).

Employee. Employee includes an officer, director, or highly compensated employee under section 414(q).

Insured. An individual must be a U.S. citizen or resident to be considered insured under an employer-owned life insurance contract. Both individuals covered by a contract covering the joint lives of two individuals are considered insured.

Notice and consent requirements. To qualify as an employer-owned life insurance contract, the policyholder must meet the notice and consent requirements listed below before the issuance of the contract.

1. Provide written notification to the employee stating the policyholder intends to insure the employee's life and the maximum face amount for which the employee could be insured at the time the contract was issued.

The written notification must include a disclosure of the face amount of life insurance, either in dollars or as a multiple of salary, that the policyholder

reasonably expects to purchase with regard to the employee during the course of the employee's tenure. Additional notice and consent are required if the aggregate face amount of the employer-owned life insurance contracts with regard to an employee exceeds the amount of which the employee was given notice and to which the employee consented. See Q&A-9 and Q&A-12 in Notice 2009-48.

2. Provide written notification to the employee that the policyholder will be a beneficiary of any proceeds payable upon the death of the employee.

3. Receive written consent from the employee. See *Valid consent* under the instructions for line 4a.

Electronic notification and consent. The written notification and consent requirement can be met electronically only if the system for electronic notification and consent meets requirements 1 through 3, above. See Q&A-11 in Notice 2009-48 for more information.

Issue date of contract. Generally, the issue date of a life insurance contract is the date on the policy assigned by the insurance company on or after the date of application. For purposes of meeting the notice and consent requirements, the issue date of the employer-owned life insurance contract is the later of (1) the date of application of coverage, (2) the effective date of coverage, or (3) the formal issuance of the contract. See Q&A-4 in Notice 2009-48 for more information.
